Revised 10/01/2015

Policy

The Arizona Health Care Cost Containment System (AHCCCS) Medical Assistance was established by the State of Arizona. AHCCCS Medical Assistance provides health care for eligible Arizona residents.

AHCCCS administers Arizona's three main health insurance programs:

- Medicaid
- Medicare Health Insurance Savings Program (MSP).
- KidsCare

For a list of Arizona's Medicaid, CHIP and MSP programs, see Chapter 400 - [AHCCCS Medical Assistance Programs](#).

Definitions

Term	Definition
Medicaid	A jointly funded, Federal-State health insurance program. Medicaid provides medical assistance for low-income and needy persons.
KidsCare	Arizona's Children's Health Insurance Program (CHIP). This program provides health insurance for children in low-income families.

The expand and collapse button allows the user to hide or open the table of contents. This page also provides a secondary navigation at the top of the page.

At the bottom of the page there is a cursor arrow to navigate to the top of the page

Table of Contents

The Table of Contents can be accessed by clicking the "Contents" button, if it's not already displayed. It is organized into three levels. The first two levels are "books" and the third level contains "pages". Books organize content by chapters (1st level) and subchapters/topics (2nd level), while pages contain the actual policy. Clicking on a book will load the pages related to that section of the chapter.

Search

The search option allows you to find all policy sections that contain a word or phrase. You can use the search button on the left of the screen of the search box. Type the word or phrase you are looking for in the Search field and click enter. (When you start typing a word or topic, a set of suggestions will start appearing and you may not have to enter the full search string).

The screenshot shows a search interface for the Medical Assistance Eligibility Policy Manual. The search term 'STT' is entered in the top right. The left sidebar displays search results, with the top result 'E Special Treatment Trusts and ALTCS Eligibility' selected. The main content area shows the policy text for 'Special Treatment Trusts (STT)', including a list of three types: Trusts for Individuals Under Age 65 with a Disability, Income-Only Trusts, and Pooled Trusts. A table below lists conditions for all three STT types.

Policy

Special Treatment Trusts (STT) may allow people who would not otherwise qualify due to excess resources or income to become eligible for ALTCS. The assets in a STT are not counted for the income and resource tests. In return, AHCCCS is authorized to recover the cost of these benefits from the trust upon the death of the customer or termination of the trust.

There are three types of STT:

- Trusts for Individuals Under Age 65 with a Disability
- Income-Only Trusts; and
- Pooled Trusts.

The trust must meet certain conditions to qualify as a STT. Many of these conditions apply to all three STT types, and some are unique to a specific kind of STT. Failure to meet these conditions disqualifies the trust from special treatment. All STTs are reviewed by AHCCCS to ensure that they meet all conditions for special treatment.

The conditions that apply to all three STT types are listed in the table below:

Condition	Description
Date of creation	The trust must be created on or after August 11, 1993. NOTE: A trust created before August 11, 1993 must be dissolved and recreated to qualify as a STT.
Customer as beneficiary	The customer must be designated as the beneficiary of the trust.
AHCCCS as remainder beneficiary	<ul style="list-style-type: none"> • Irrevocable trusts must name AHCCCS as the remainder beneficiary upon the death of the customer. • Revocable trusts must name AHCCCS as the remainder beneficiary upon the trust being revoked or terminated, or upon the death of the customer.

The results of the search is displayed below the search box. A ranking system displays the most relevant sections first. Click on the title of results you want to look at and the manual section will open in the right panel. Your search term will be highlighted wherever it appears on the page.

To qualify for Arizona Long Term Care System (ALTCS) services a person must be medically eligible.. This is determined using the pre-admission screening (PAS) assessment.

There are two PAS manuals used in determining medical eligibility. One manual [Appendix A: EPD PAS](#) is for applicants or members who are assessed using the elderly or physical ly disabled (EPD) PAS tool; the other manual [Appendix B: DD PAS](#) is for applicants or members who are assessed using one of the developmentally disabled (DD) PAS tools. The tools and related glossaries and definitions of abbreviations are available from the Administration upon request.

1002 Preadmission Screening (PAS) Process

1002 Preadmission Screening (PAS) Process

Revised 12/20/2019

Policy

The PAS Assessor shall use the PAS instrument as described below to determine whether the following customers are at immediate risk of institutionalization:

- The Assessor shall use the appropriate PAS instrument described in [MA1003](#) to assess customers with a physical disability who are at least six years old. After assessing a child with a physical disability who is at least six years but less than 12 years, the Assessor shall refer the child for a physician consultant review as described in [MA1006](#).
- The Assessor shall use the age-specific PAS instrument described in [MA1005](#) to assess a customer who has a physical disability and less than six years old. After assessing the child, the Assessor shall refer the child for physician consultant review.
- The Assessor shall use the PAS instrument described in [MA1005](#) to assess customers who are **not** living in a nursing facility (NF). After assessing a child less than six months of age with a developmental disability, the Assessor shall refer the child for physician consultant review.
- The Assessor shall use the PAS instrument described in [MA1003](#) for customers with a developmental disability living in a Nursing Facility (NF).
- The Assessor shall use the PAS instrument described in [MA1003](#) or [MA1005](#), whichever is applicable, to assess a customer classified as ventilator dependent under Section 1902(e)(9) of the Social Security Act.

The PAS assessment is completed by a PAS Assessor who is a registered nurse or social worker:

PAS assessments are completed face-to-face with a customer, except when the customer is deceased. The Assessor makes reasonable efforts to obtain the customer's available medical records. The Assessor may also obtain information for the PAS assessment from face to face interviews with the:

- Customer;
- Parent;
- Guardian;

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- Caregiver; or
- Any person familiar with the customer's functional or medical condition.

Using the information described above, the Assessor completes the PAS assessment using his or her education, experience, professional judgment, and training.

After the PAS assessment is completed, the PAS score is calculated and compared to the established threshold score in [MA1003](#) and [MA1005](#). Except as determined by physician consultant review, the threshold score is the point at which a customer is considered to be at immediate risk of institutionalization.

Upon request from a person acting on behalf of the customer, the Administration shall conduct a PAS assessment to determine whether a deceased customer would have been eligible to receive ALTCS benefits during the time period covered by the application or in any prior quarter month.

A Private Request PAS assessment may be requested for a customer who is not applying for ALTCS to determine if the customer is at risk of institutionalization and requires care equal to that provided in a NF or Intermediate Care facility (ICF). The PAS is completed without charge. Private Request PAS assessments are processed through Eligibility Review (see [MA1006](#)). A face-to-face assessment must be conducted for a Private Request PAS.

An eligible PAS, including a Private Request PAS, may be used for up to 180 days when a customer is denied and later reapplies. An ineligible PAS is never used for a new application.

1003 Preadmission Screening Criteria for an Applicant or Member who is Elderly or Physically Disabled (EPD)

1003 Preadmission Screening Criteria for an Applicant or Member who is Elderly or Physically Disabled (EPD)

Revised 02/14/2020

Policy

The PAS instrument for an applicant or member who is EPD includes the following categories:

- Intake information category. The Assessor solicits intake information category information on an applicant's or member's demographic background. The components of the intake information category are not included in the calculated PAS score.
- Functional assessment category. The Assessor solicits functional assessment category information on an applicant's or member's:
 - Need for assistance with activities of daily living in the residential environment or other routine setting, including:
 - Bathing;
 - Dressing;
 - Grooming;
 - Eating;
 - Mobility; and
 - Transferring;
 - Communication and sensory skills, including hearing, expressive communication, and vision; and
 - Continence, including bowel and bladder functioning.
- Emotional and cognitive functioning category. The Assessor solicits emotional and cognitive functioning category information on an applicant's or member's:
 - Orientation to person, place, and time. In soliciting this information, the Assessor shall also take into account the caregiver's judgment; and

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

- Behavior, including:
 - Wandering;
 - Self-injurious behavior;
 - Aggression;
 - Resistiveness; or
 - Disruptive behavior.
- Medical assessment category. The Assessor solicits medical assessment category information on a customer's:
 - Medical conditions that have an impact on the customer's functional ability in relation to activities of daily living, continence, and vision;
 - Medical condition that requires medical or nursing service and treatment;
 - Medication, treatment, and allergies;
 - Specific services and treatments that the customer is currently receiving; and
 - Physical measurements, hospitalization history, and ventilator dependency.

The Assessor shall use the PAS instrument to assess a customer who is EPD as specified in this Section. A copy of the PAS instrument is available from the Administration. The Administration uses the Assessor's PAS assessment to calculate three scores: a functional score, a medical score, and a total score.

- Functional score.
 - The Administration calculates the functional score from responses to scored items in the functional assessment and emotional and cognitive functioning categories. For each response to a scored item, a number of points is assigned, which is multiplied by a weighted numerical value. The result is a weighted score for each response.
 - The functional items in the following categories are scored according to the matrix shown below:
 - Activities of daily living;
 - Continence;

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

- Sensory;
- Orientation; and
- Behavior.
- The sum of the weighted scores equals the functional score. The weighted score per item can range from 0 to 15. The maximum functional score attainable by a customer is 166.
- Medical score.
 - In the medical assessment matrix, all items in the following categories are scored according to:
 - Medical conditions according to the matrix below, and
 - Medical or nursing services or treatments according to the matrix below.
 - The Administration calculates the medical score based on the customer's:
 - Diagnosis of Alzheimer's, dementia, or organic brain syndrome (OBS);
 - Diagnosis of paralysis; and
 - Current use of oxygen.
 - The maximum medical score attainable by an applicant or member is 31.5.
- Total score.
 - The sum of a customer's functional and medical score equals the total score.
 - The total score is compared to the established threshold score as calculated under this Section. For a customer who is EPD, the threshold score is 60.
 - A customer is determined at immediate risk of institutionalization if the total score is equal to or greater than 60.

The following matrices represent the number of points available and the respective weight for each scored item.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- Functional assessment points. The lowest value in the range of points available per item in the functional assessment category, zero, indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
- Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the customer:
 - Does not have the scored medical condition;
 - Does not need the scored medical or nursing services; or
 - Does not receive the scored medical or nursing services.

1004 Developmental Disability Status

1004 Developmental Disability Status

Revised 11/16/2018

Policy

Customers may be determined to be eligible for services by the Department of Economic Security, Division of Developmental Disabilities (DES/DDD). DES/DDD. Eligible customers include those who have been diagnosed with a cognitive disability, cerebral palsy, seizure disorder, or autism, and who have significant impairment of their functional abilities.

For children less than six years of age, a diagnosis of developmental delay or risk for developmental disability may serve as the qualifying diagnosis for DES/DDD. Arizona Revised Statutes require that DES/DDD be the provider of services to people with a developmental disability.

The PAS process is intended to determine whether a customer's current functional abilities and medical stability, resulting from a developmental disability, indicate a need for services at the nursing facility (NF) or intermediate care facility (ICF) level of care.

NOTE Customers with developmental disabilities who qualify to receive services from DES/DDD but are not at risk of institutionalization at the NF or ICF level of care, do not qualify for ALTCS.

ALTCS assigns a DD status to each customer depending on eligibility for DES/DDD services. This status is indicated on the PAS Intake Notice. The DD status classifications are:

- Potential DD. The customer appears to have a cognitive disability, cerebral palsy, seizure disorder or autism, but eligibility has not been determined by DES/DDD.
- DD. DES/DDD has identified the customer has a qualifying developmental disability.
- DD in NF. DES/DDD has identified the customer has a qualifying developmental disability and living in a nursing facility.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- Not DD. The customer is not diagnosed as having a qualifying developmental disability, or has a DD diagnosis but does not qualify for DES/DDD services.

Children ages six and over who are customers of DES/DDD must have one of the four DD qualifying diagnoses identified above to be considered DD for their ALTCS application or reassessment.

- 6 through 11 years of age, and
- 0 through 5 years of age.

The PAS instruments for an applicant or member who is DD include three major categories:

- Intake information category. The Assessor solicits intake information category information on an applicant's or member's demographic background. The components of this category are not included in the calculated PAS score.
- Functional assessment category. The functional assessment category differs by age group as indicated below:
 - o For an applicant or member 12 years of age and older, the Assessor solicits the functional assessment category information on an applicant's or member's:
 - Need for assistance with independent living skills, including hand use, ambulation, wheelchair mobility, transfer, eating or drinking, dressing, personal hygiene, bathing or showering, food preparation, community mobility, and toileting;
 - Communication skills and cognitive abilities, including expressive verbal communication, clarity of communication, associating time with an event and action, and remembering an instruction and a demonstration; and

CURRENT POLICY.**

- Behavior, including aggression, verbal or physical threatening, self-injurious behavior, and resistive or rebellious behavior.
- o For an applicant or member 6 through 11 years of age, the Assessor solicits the functional assessment category information on an applicant's or member's:
 - Need for assistance with independent living skills, including rolling and sitting, crawling and standing, ambulation, climbing stairs or ramps, wheelchair mobility, dressing, personal hygiene, bathing or showering, toileting, level of bladder control, and orientation to familiar settings;
 - Communication, including expressive verbal communication and clarity of communication; and
 - Behavior, including aggression, verbal or physical threatening, self-injurious behavior, running or wandering away, and disruptive behavior.
- o For an applicant or member 6 months through 5 years of age, the Assessor scores items in the developmental milestones section based on the age of the applicant or member.
- o For an applicant or member less than 6 months of age, the Assessor shall not complete a functional assessment. The Assessor shall include a description of the applicant's or member's development in the PAS instrument narrative summary.
- Medical assessment category. The Assessor solicits medical assessment category information on an applicant's or member's:
 - o Medical condition;
 - o Specific services and treatments the applicant or member receives or needs and the frequency of those services and treatments;
 - o Current medication;
 - o Medical stability;
 - o Sensory functioning;
 - o Physical measurements; and

- o Current placement, ventilator dependency, and eligibility for DES Division of Developmental Disabilities program services.

The Assessor shall use the PAS instrument to assess an applicant or member who is DD. A copy of the PAS instrument is available from the Administration. The Administration uses the PAS instrument responses to calculate three scores: a functional score, a medical score, and a total score.

- Functional score.
 - o The Administration calculates the functional score from responses to scored items in the functional assessment category. For each response to a scored item, a number of points is assigned, which is multiplied by a weighted numerical value. The result is a weighted score for each response.
 - o The functional assessment items in the following categories are scored:
 - For an applicant or member 12 years of age and older, all items in the behavior section are scored. Designated items in the independent living skills, communication skills, and cognitive abilities sections also are scored;
 - For an applicant or member 6 through 11 years of age, all items in the communication section are scored. Designated items in the independent living skills and behavior sections also are scored; and
 - For an applicant or member 6 months through 5 years of age, all age-specific items are scored.
 - o The sum of the weighted scores equals the functional score. The range of weighted scores per item is presented below:

Age Group	Range for Weighted Score per Item	Maximum Functional Score Attainable
12 and older	0 – 11.2	124.1
6 through 11	0 – 24	112.5
6 months through 5	0 – 5.0	106.02

- o No minimum functional score is required.

- Medical score.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- o The Administration calculates the medical score from responses to scored items in the medical assessment category. For each response to a scored item, a number of points is assigned.
- o The medical assessment items in the following categories are scored:
 - For an applicant or member 12 years of age and older and 6 years of age through 11 years of age, designated items in the medical conditions section are scored; and
 - For an applicant or member 6 months of age through 5 years of age designated items in the medical conditions, services and treatments, and medical stability sections are scored.
- o For an applicant less than 6 months of age, only the medical assessment section of the PAS is completed. There is no weighted or calculated score assigned. The Assessor shall refer the applicant or member for physician consultant review in accordance with **Section 1006**.
- o The sum of the points equals the medical score. The range of points per item and the maximum medical score attainable by an applicant or member is presented below:

Age Group	Range for Weighted Score per Item	Maximum Functional Score Attainable
12 and older	0 – 20.6	21.4
6 through 11	0 – 2.5	5
6 months through 5	0 – 10	60

- o No minimum medical score is required.
- Total score.
 - o The sum of an applicant's or member's functional and medical score equals the total score.
 - o The total score is compared to the established threshold score as calculated under this Section. For an applicant or member who is DD, the threshold score is 40.
 - o An applicant or member is determined at immediate risk of institutionalization if the total score is equal to or greater than 40.

The following matrices represent the number of points available and the respective weight for each scored item.

- Functional assessment points. The lowest value in the range of points available per item in the functional assessment category, zero, indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
- Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:
 - o Does not have the scored medical condition,
 - o Does not need the scored medical or nursing services, or
 - o Does not receive the scored medical or nursing services.

1006 Eligibility Review

1006 Eligibility Review

Revised 08/17/2018

Policy

Eligibility review is an integral part of the PAS assessment process. It is designed to address those applicants and members whose final score is not thought by the PAS Assessor to be an accurate reflection of the applicant's or member's need for NF or ICF level of care.

Eligibility reviews may occur for applicants or members who score either below, or in some cases above the entry level scoring threshold. A physician consultant performs these reviews on all initial PAS referred and on all reassessments that may no longer be eligible. The physician consultant determines the need for NF or ICF level of care and this decision **overrides** the PAS score.

The PAS Administrative Review Committee (PARC) may perform eligibility reviews on reassessments only and also only on a PAS that appears to continue to be eligible. If PARC reviews the PAS and determines that the member may no longer be eligible, the case shall be referred to a physician consultant for eligibility review.

In the following circumstances, the Administration shall request that a physician consultant review the PAS assessment and available medical records, and use professional judgment to make the determination that an applicant or member has a developmental disability or has a non-psychiatric medical condition that, by itself or in combination with a medical condition, places an applicant or member at immediate risk of institutionalization:

- The PAS score of an applicant or member who is EPD is less than threshold of 60 but is at least 56;
- The PAS score of an applicant or member who is DD is less than threshold of 40 but is at least 38;
- An applicant or member scores below the applicable threshold (60 for EPD and 40 for DD) but the Administration has reasonable cause to believe that the applicant's or member's unique functional abilities or medical condition may place the applicant or member at immediate risk of institutionalization;
- An applicant or member who is EPD scores below the threshold of 60 and has a documented diagnosis of head trauma accompanied by a documented psychiatric diagnosis or other behavioral issue(s);

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

- An applicant or member who is EPD scores below the threshold of 60 and has a documented diagnosis of autism, autistic-like behavior, or pervasive developmental disorder;
- An applicant or member who is EPD and is seriously mentally ill, as defined in ARS § 36-550 who scores at or above the threshold of 60, but may not meet the requirements of ARS § 36-2936. When an applicant or member who is seriously mentally ill scores at or above the threshold, the physician consultant shall exercise professional judgment to determine if the applicant or member meets the requirements of ARS § 36-2936;
- An applicant is EPD and an AHCCCS acute care member scores at or above the threshold of 60, but the Administration has reasonable cause to believe that the applicant's condition is convalescent and requires fewer than 90 days of institutional care;
- An applicant or member is a physically disabled child less than 12 years of age;
- An applicant is under six months of age;
- A member is residing in a NF or ICF and does not meet eligibility criteria for ALTCS or ALTCS Transitional, as defined in [MA1010](#); and
- A member is DD and his or her DD status has changed since the last assessment or reassessment and they do not meet the scoring threshold if over age 12 or are under age 12.

The physician consultant shall consider the following when making a determination of medical eligibility:

- Activities of daily living dependence;
- Delay in development;
- Continence;
- Orientation;
- Behavior;
- Any medical condition, including stability and prognosis of the condition;
- Any medical nursing treatment provided to the applicant or member including skilled monitoring, medication, and therapeutic regimens;

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- The degree to which the applicant or member must be supervised;
- The skill and training required of the applicant's or member's caregiver; and
- Any other factors of significance to the individual case.

If the physician consultant is unable to make the determination from the PAS assessment and the available medical records, the physician consultant may conduct a face-to-face review with the applicant or member or contact others familiar with the applicant's or member's needs, including a primary care physician or other caregiver, to make the determination.

The physician consultant shall state the reasons for the determination in the physician review comment section of the PAS instrument.

1007 PAS Reassessments

1007 PAS Reassessments

Revised 01/15/2020

Policy

PAS reassessments must be completed on some ALTCS members to determine continued medical eligibility. The criteria for continued qualification for ALTCS services are the same as for the initial PAS.

EPD Members who were made eligible by physician consultant review on their last assessment and are under age 65 require an annual assessment.

A reassessment may be completed at any time for the following reasons:

- A routine audit of the PAS assessment reveals a question regarding the eligibility determination;
- A review by Administration or an ALTCS physician consultant determines the member may not have a continuing need for long term care services; or
- A Program Contractor, case manager, nursing facility, or other party requests a review that reveals a question regarding continuing eligibility.

NOTE A reassessment may be scheduled at six months when it appears that a customer may not have a continued need for long term care services in the judgment of the physician consultant or PAS Assessor, in consultation with his or her supervisor.

1008 Applicant/Member Issue Referrals

1008 Applicant/Member Issue Referrals

Policy

When a PAS Assessor witnesses a situation with an applicant or member that calls for immediate intervention, the Assessor shall do one of the following:

- For life-threatening situations, call 911.
- For other situations, notify Adult Protective Services (APS) or Child Protective Services (CPS) of the presence of serious physical or medical neglect.

When it appears that a referral to APS or CPS may be appropriate, the Assessor shall discuss the issue with his or her supervisor. In some cases, depending on the severity of the issue, the discussion may occur after the referral has been made. In less urgent situations, the supervisor may contact the AHCCCS Division of Health Care Management/Clinical Quality Management (DHCM/CQM) for guidance regarding contacting APS or CPS.

In addition, the Assessor shall notify DHCM/CQM through the filing of an ALTCS **Customer Issue Referral (CIR) form** ([INSERT LINK TO CIR](#)) whenever one of the following is suspected:

- A problem with the quality of the care being provided to the member;
- The member is being abused or neglected;
- The member has unmet medical or dental needs;
- Provider fraud has been committed; or
- The member is residing in an unlicensed or uncertified room and board home and is receiving direct, personal, or supervisory care services on other than a temporary basis pending ALTCS approval.

When completing the **CIR form** ([INSERT LINK TO CIR](#)), the Assessor shall indicate the severity status level as follows:

- Severity Level 1. Potential quality of care issue with **minimal** adverse effects (issue **may** impact the member if not resolved).

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT

- Severity Level 2. Potential quality of care issue with **moderate** adverse effects (issue **will** impact the member if not resolved).

1009 Preadmission Screening and Resident Review (PASRR)

1009 Preadmission Screening and Resident Review (PASRR)

Revised 01/15/2020

Policy

Under the federally-mandated Preadmission Screening and Resident Review (PASRR) program, all customers entering a Medicaid-certified nursing facility after January 1, 1989 must be screened for intellectual cognitive disability and serious mental illness (ICD/MI), to avoid inappropriate placement.

The PASRR is a two-level screening process. Hospital discharge planners and nursing facility staff complete the PASRR prior to admission to a nursing facility (NF). The Level I screening determines whether the customer has any diagnosis or other presenting evidence that suggests the presence of ICD/MI. If there is an indication of ICD/MI, the case must be referred for a Level II determination.

The Level II screening determines whether the customer is ICD/MI and whether he or she can be appropriately treated in a NF setting. If a Level II determination is indicated in Section E of the PASRR Screening Document, the customer or the customer's representative must sign in Section F. Admission to a NF cannot occur until the Level II is completed and indicates that NF admission is appropriate.

Referrals for Level II evaluations for potential mental illness are sent to the PASRR Coordinator at the Arizona Department of Health Services, Division of Behavioral Health Services. Referrals for Level II evaluations for potential intellectual cognitive disability are sent to the Arizona Department of Economic Security, Division of Developmental Disabilities.

Nursing facilities must do all of the following for PASRR:

- Ensure that the Level I screening and, if applicable, Level II determinations have been completed and are kept in the customer's current medical chart;
- Perform a new Level I screening and, if applicable, a Level II, when a customer enters a NF for convalescent or respite care and is later found to require more than 30 days of NF care; and
- Perform a new Level I screening and, if applicable, a Level II, when a customer's mental health condition changes or new medical records information becomes available that indicates the possible need for a Level II referral.

PAS Assessors shall report any nursing facilities that are not in compliance with this regulation to the PASRR Coordinator in DHCM.

Definitions

Term	Definition
Intellectual cognitive disability	Is defined as a chronic disability that impairs general intellectual functioning or adaptive behavior and requires treatment or services. The impairment must be demonstrated before age 22. The impairment must be likely to continue indefinitely and substantially limit the customer's ability to function in major life activities.
Serious mental illness	<p>Is defined as a condition that impairs emotional or behavioral functioning to the point that it interferes with the person's ability to remain in the community without supportive treatment. The mental impairment is severe and persistent and may limit the customer's ability to:</p> <ul style="list-style-type: none">• Function in primary activities of daily living, interpersonal relationships, homemaking, self-care, employment or recreation; or• Seek or receive local, state or federal assistance such as housing, medical and dental care, rehabilitation services, income assistance and food stamps, or protective services. <p style="text-align: center;">NOTE Although people with a primary diagnosis of intellectual cognitive disability frequently have similar problems or limitations, they are not included in this definition.</p>

Revised 01/15/2020

Policy

The ALTCS Transitional program is a program for customers who have improved medically, functionally or both to the point that they no longer need the level of care that is provided in a nursing facility (NF) or intermediate care facility institutionalization for individuals with intellectual disabilities (ICF-IID). These customers are determined through the PAS reassessment process to still need long-term care services, but at a lower level of care.

1) Who qualifies for ALTCS Transitional?

The ALTCS Transitional program is only available to customers who have been approved for ALTCS. It is not available to customer who fail the initial PAS and are not at risk of institutionalization.

The medical eligibility criteria for ALTCS Transitional are as follows:

- DD customers - Receive a score of 30 or higher during the PAS reassessment, or must have a diagnosis of moderate, severe, or profound cognitive disability.
- EPD customers, under age 12 - Must be found eligible for ALTCS Transitional through physician consultant review.
- EPD customers, ages 12 and older - Receive a score of 40 or higher during the PAS reassessment.

The ALTCS Transitional effective date is the first of the month following the PAS decision date, allowing for advance notice of the change.

2) ALTCS Transitional - Covered Services

The ALTCS Transitional program allows customers who meet the lower level of care, to continue to receive all other medically necessary ALTCS covered services. Customers living in a NF or ICF-IID when determined eligible for the ALTCS Transitional Program may get continued NF or ICF-IID services for up to 90 days while being moved to an HCBS placement by the Program Contractor.

An ALTCS Transitional customer's condition may worsen to the point that NF services are again medically necessary. The Program Contractor can place the customer in an NF temporarily, provided the stay is not more than 90 continuous days per admission.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

NOTE When an ALTCS Transitional customer may need NF care longer than 90 days, the Program Contractor must request a PAS reassessment. When the customer is determined to be at risk of institutionalization, the customer will be moved back to Full ALTCS effective the first day of the month following the PAS reassessment.

A Overview

A Overview

Revised 02/14/2020

Policy

AHCCCS health plans provide physical and behavioral health services to customers. The health plan contracts with primary care physicians, specialists, dentists, hospitals, and other providers to form a network of service providers. Most health plans serve specific Geographic Service Areas (GSAs), which are made up of specific Arizona counties.

This section covers:

- The Arizona counties assigned to each GSA, and
- Health plans that serve specific customer groups

1) Health plans available by county

The following table lists the counties assigned to each GSA:

Geographic Service Areas	Counties
Central	<ul style="list-style-type: none">• Gila• Maricopa• Pinal
North	<ul style="list-style-type: none">• Apache• Coconino• Mohave• Navajo• Yavapai

B Initial Health Plan Enrollment

B Initial Health Plan Enrollment

[Revised 10/01/2018](#)

Policy

Within 10 days of enrollment, the health plan provides the customer with:

- Printed information about the health plan's services and service locations;
- The name, address, and telephone number of the customer's primary care provider (PCP); and
- Information on how the customer may change PCPs

Customers receive an AHCCCS Medical Assistance ID card in the mail that includes the health plan's contact information. Customers must present this ID card whenever medical services are requested or provided (ex., doctor's office, hospital, lab or pharmacy). Customers who do not receive an ID card should call their health plan.

Most customers who do not currently have AHCCCS coverage have a choice of health plans that serve their Geographic Service Area (GSA).

When a customer does not choose a health plan before the application is approved, AHCCCS automatically assigns a health plan and enrolls the customer. The customer is sent a Freedom of Choice letter informing them of the health plan they were assigned, and giving them a 90-day period to choose a different health plan. When the customer does not contact AHCCCS to choose a different health plan, the customer remains enrolled with the auto-assigned health plan.

NOTE American Indians customers living on a reservation that do not choose a plan will be automatically enrolled in AIHP.

Exceptions:

The following customers do not have a health plan choice:

- Customers diagnosed with a Serious Mental Illness (SMI);
- Children in State of Arizona foster care; and

F Health Plan Enrollment Changes

F Health Plan Enrollment Changes

Revised 10/01/2018

Policy

In general, customers enrolled in a health plan may change their enrollment once a year during their enrollment choice month.

The enrollment choice month is the month in which the customer was first enrolled with an AHCCCS Complete Care (ACC) plan. During the enrollment choice month, a customer can change their health plan by:

- Electronically submitting requests using <https://www.healtharizonaplus.gov>; or
- Calling (602) 417-7100 from area codes (480), (602), and (623) or 1-(800)-334-5283 from area codes (520) and (928)

Customers who do not want to change their health plan do not have to do anything to remain enrolled with the current health plan.

When a customer does change health plans, the month after the enrollment choice month is the transitional month. During this time AHCCCS notifies both the current health plan and the new health plan of the enrollment change. This allows the health plans time to transfer records and welcome new members.

When more than one person in a household receives AHCCCS Medical Assistance, an enrollment choice month is assigned to the household using the enrollment choice month of the customer that has been on AHCCCS for the longest time. All customers in the household who want to change health plans may do so at that time.

Exceptions:

The annual enrollment process does not apply to any of the following customers:

- Foster care children enrolled with Comprehensive Medical and Dental Program (CMDP); and
- Customers diagnosed with a Serious Mental Illness.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

When customers need help selecting a health plan they may:

- Visit www.azahcccs.gov/choice; or
- Speak to a Beneficiary Support Specialist by calling (602) 417-7100 from area codes (480), (602), and (623) or 1-(800) 334-5283 from area codes (520) and (928)

There are situations when the customer's enrollment may be changed outside the annual enrollment period. Listed below are the reasons enrollment may be changed:

Situation/Status	Description
Auto Assignment	When a customer has been auto assigned to a health plan, they may change health plans within 90 days. This is known as Freedom of Choice.
Change to Full Services	When a customer is eligible to move from FES to full services, the customer is sent a letter giving the opportunity to select a health plan and notifying them of the change in services.
Continuity of Care	Health plan changes may be approved on a case-by-case basis to ensure the customer's access to care. Approval requires an agreement from both health plan's Medical Directors. The health plans determine the effective date of the enrollment change. NOTE When the health plans cannot reach an agreement, the AHCCCS Chief Medical Officer makes the decision and the Division of Health Care Management notifies the health plans and the customer.
Family continuity	A customer auto-assigned to a different health plan than other currently enrolled family members can change to the health plan in which the other family members are enrolled.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

	NOTE Other family members are not permitted to change to the health plan to which the customer was auto-assigned.
Foster Care	When a child is no longer in the custody of Arizona foster care, the customer can choose a health plan.
Grievance	A change in enrollment is allowed when the change is a result of the final outcome of a grievance.
Incorrect Enrollment	If a customer made a pre-enrollment choice but was assigned to the wrong health plan in error, a change may be made.
American Indians	An American Indian customer may change from an available health plan to American Indian Health Program (AIHP) or from AIHP to an available health plan at any time.
Newborn	Newborns are automatically assigned to the mother's health plan. The mother is given 90 days to select another health plan for the newborn. Newborns of Federal Emergency Services (FES) mothers are auto assigned and the mother is given 90 days to select a health plan.
Same Day Plan Change	A member can change their health plan choice within the same day of the original request.
Customer Moves to a New GSA	If the customer moves and his or her current health plan is not available in the new GSA, the customer has 90 days to choose a health plan in the new GSA.

Customers can contact the Agency directly to report an enrollment error or request an enrollment change. The customer may

- Call (602) 417-7100 or 1-800-962-6690; or
- Send written requests to 801 E. Jefferson St., MD 3400, Phoenix, AZ 85034.

A Overview

A Overview

Revised 09/21/2017

There are three types of organizations that serve as ALTCS program contractors:

- Program contractors for individuals who are age 65 or older (elderly) or have a physical disability (EPD).

NOTE Program contractors for EPD customers are determined by the customer's county of fiscal responsibility (see [MA1104B](#)).

- The Department of Economic Security (DES/DDD); and
- American Indian contractors.

Policy

1) When Does Enrollment Occur?

The effective date of enrollment is determined by the customer's AHCCCS status on the date of approval.

If the customer is...	Then ALTCS enrollment and capitation...
Enrolled with an AHCCCS Complete Care (ACC) plan at the time of approval	Begins on the date ALTCS approval is posted in PMMIS. The customer is disenrolled from the AHCCCS Complete Care (ACC) plan the day before. 2) What happens after enrollment?

After enrollment occurs:

- The program contractor gives the customer written information about their organization.
- The customer chooses the doctor he or she prefers as a primary care physician (PCP) from the program contractor’s list of participating physicians. If the customer does not choose a PCP, one is assigned. The primary care physician coordinates care and acts as a gatekeeper. If the customer’s current doctor is a member of the program contractor’s network, the customer does not need to change doctors.
- A case manager assigned by the program contractor contacts the customer and the customer’s representative soon after enrollment to establish a service plan that best meets the customer’s needs. Input from the customer and the customer’s family is encouraged.
- The customer receives an ID card in the mail from the program contractor that includes the name and phone number of the program contractor. The customer presents this ID card whenever medical services are requested or provided (ex., doctor’s offices, hospitals, labs and pharmacies).

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

NOTE DDD members receive their ID cards from DDD. American Indian Health Plan (AIHP) members receive their ID cards from AHCCCS.

B EPD Program and Contractor Enrollment Process

B EPD Program and Contractor Enrollment Process

Revised 03/07/2018

Policy

Only customers who are age 65 or older (elderly) or have a physical disability (EPD) whose county of fiscal responsibility ([MA1104E](#)) is Maricopa County, Gila County, Pinal County or Pima County may choose their program contractor. Other fiscal counties do not have multiple program contractors.

Enrollment in a program contractor is determined according to the following policy:

- All ALTCS customers who have a developmental disability are enrolled with the Division of Developmental Disabilities ([MA1104C](#)).
- EPD American Indians with on-reservation status are enrolled with the tribe or Native American Community Health (NACH) if the tribe is not a program contractor ([MA1104D](#)).
- EPD customers whose county of fiscal responsibility is Maricopa County, Gila County, Pinal County or Pima County may choose their program contractor ([MA1104E](#)).
- All other EPD customers are enrolled with the program contractor that serves their county of fiscal responsibility.

Program Contractors for EPD Customers Not Enrolled with a Tribal Contractor

When a customer does not choose a program contractor before the application is approved, AHCCCS automatically assigns a program contractor and enrolls the customer. A Freedom of Choice letter is mailed to customers informing them of the program contractor they were enrolled in, and giving them a 90 day period to choose a different program contractor if they wish to change. If the customer does not contact AHCCCS to choose a different program contractor, the customer will remain enrolled with the auto-assigned program contractor.

AHCCCS currently contracts with the following program contractors to provide ALTCS services to EPD customers who are not enrolled with a tribal contractor:

E County of Fiscal Responsibility

E County of Fiscal Responsibility

Policy

The county of fiscal responsibility must be determined for all ALTCS customers. However, this determination only affects customers who are age 65 or older (elderly) or have a physical disability (EPD) who are not American Indians with on-reservation status or who are not developmentally disabled.

Not all counties have the same program contractors. The fiscal county is determined in order to enroll the customer with the correct program contractor for that fiscal county.

The Eligibility Worker determines the customer's county of fiscal responsibility. The following criteria are used to establish the county of fiscal responsibility:

Revised 10/01/2018

Policy

ALTCS customers who are age 65 or older (elderly) or who have a physical disability (EPD) whose county of fiscal responsibility is Maricopa County, Gila County, Pinal County, or Pima County have a choice of program contractors.

EXCEPTION:

See [MA1104D](#) for American Indian customers with on-reservation status.

When the customer or representative is unable or unwilling to make a choice, the applicant will automatically be assigned to a program contractor.

If a customer does not choose a program contractor before the application is approved, AHCCCS automatically assigns a program contractor and enrolls the customer. A Freedom of Choice letter is mailed to customers informing them of the program contractor they were enrolled in, and giving them a 90-day period to choose a different program contractor if they wish to change. If the customer does not contact AHCCCS to choose a different program contractor, the customer will remain enrolled with the auto-assigned program contractor.

EXCEPTION:

A customer who is reapplying for ALTCS is reenrolled with the former program contractor when the application is approved within 90 days of disenrollment.

1) Who May Make an Enrollment Choice

The following policy is used to determine who has the authority to make an enrollment choice:

If...	Then...
-------	---------

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

The customer has a legal representative	Only the legal representative may choose a program contractor for the customer.
The customer does not have a legal representative	The customer, an authorized representative, a family member, a friend, a neighbor or any other interested party who does not have a conflict of interest may make the enrollment choice
More than one person indicates a choice	All parties are contacted to attempt to determine a mutually acceptable choice. If everyone still disagrees, use the following hierarchy to determine which person is given priority in choosing: <ul style="list-style-type: none">• Legal representative• Applicant• Spouse• Parent• Authorized representative

If the customer or representative has not selected a program contractor despite reasonable efforts, and has not requested additional time, the Eligibility Worker will see if a choice can be made for the customer. If the customer's primary healthcare provider(s) contract with only one of the available program contractors, the worker will choose that program contractor for the customer. Otherwise, the customer will be automatically assigned to a program contractor.

2) Conflicts of Interest

A person with a conflict of interest is not allowed to make an enrollment choice for the applicant.

If the customer is unable to make the enrollment choice and there is no one without a conflict of interest who can make the choice, AHCCCS chooses the program contractor.

A social worker employed by a nursing facility or a case manager employed by a program contractor (even if acting as an authorized representative) has a conflict of interest because the selection may have a financial impact on the person's employer.

3) ALTCS Office Responsibilities

Effective until 2021-05-28

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

The ALTCS office is responsible for:

- Providing enrollment choice information;
- Helping the customer make an informed choice; and
- Documenting enrollment choice, unless a choice cannot be made and the customer is auto-assigned to a program contractor.

4) Notice of Enrollment Choice

The customer will receive an AHCCCS ID card with confirmation of enrollment. The name and telephone number of the program contractor are printed on the customer's ID card.

The ID card is mailed to the customer after enrollment is processed. The customer should receive the card a few days after application is approved.

A General Policies About ALTCS Enrollment Changes

A General Policies About ALTCS Enrollment Changes

Policy

The following general policies apply to changes in the customer's enrollment after initial approval:

- The customer must be enrolled with a program contractor that serves the customer's county of fiscal responsibility.
- A fiscal county change may also result in an enrollment change when the customer's current program contractor does not serve the customer's new county of fiscal responsibility.
- Because some program contractors serve multiple counties, a fiscal county change does not always result in an enrollment change. If the former and new counties of fiscal responsibility are both served by the same program contractor, enrollment remains unchanged when the county of fiscal responsibility changes.
- An agreement between two program contractors to transfer responsibility for the customer's care will result in a fiscal county change, unless the change is between program contractors within Maricopa County or Pima County.

Some changes require approval (or agreement) by the customer's Program Contractor(s).

See the following sections for situations when approval or agreement is required or not:

- Changes that do not require program contractor agreement ([MA1106.B](#)); and
- Changes requiring program contractor agreement ([MA1106.C](#)).

NOTE The enrollment change policy in this section applies only to customers who are elderly and/or physically disabled (EPD) and not to customers who receive services through the DES Division of Developmental Disabilities.

Placements by a Program Contractor

When a program contractor places a customer in a nursing facility or alternative residential setting in a different county, the county of fiscal responsibility and enrollment do not automatically change. This may be done to allow a customer to receive specialized treatment or because of lack of beds in the contractor's county.

B Changes That Do Not Require Program Contractor Agreement

B Changes That Do Not Require Program Contractor Agreement

Policy

The ALTCS local office may initiate some enrollment and fiscal county changes when information is received from the:

- Customer;
- Customer's representative; or
- Current program contractor.

The ALTCS local office may change the customer's enrollment when:

- A customer who is enrolled with DES/DDD loses developmentally disabled status;
- A tribal contractor requests an enrollment change; or
- The fiscal county changes.

1) Loss of DD Status

Enrollment must be changed when a customer who is enrolled with DES/DDD loses developmentally disabled (DD) status:

- If the customer is a Native American, the enrollment is changed based on the policy in [MA1104.D](#).
- All other eligible customers are enrolled with an EPD program contractor based on the customer's county of fiscal responsibility.

2) Tribal Contractor Requests Enrollment Change

When a Native American customer living on the reservation, either in a medical institution or HCBS facility, moves to an HCBS facility off the reservation, the tribal contractor must determine if the customer should be enrolled with the program contractor in the new location.

To request an enrollment change, the tribal contractor must call or write the Division of Health Care Management (DHCM). If the DHCM agrees with the recommendation, the tribal contractor sends an Electronic Member Change Report to the ALTCS local office

instructing the Eligibility Specialist to change the program contractor to the county where the customer now resides. Agreement by the new program contractor is not required.

3) Fiscal County Changes

If the fiscal county changes to a county that is not served by the current program contractor, enrollment is changed to a program contractor serving the county in which the customer's home is located.

C Changes Requiring Program Contractor Agreement

C Changes Requiring Program Contractor Agreement

Revised 02/03/2020

Policy

When agreement of the program contractors is required, both the enrollment change and the effective date must be approved by both the current and requested ALTCS program contractors. Officials representing both program contractors must complete and sign portions of the Program Contractor Change Request (Exhibit 1620-8 in the AHCCCS Medical Policy Manual).

If the requested program contractor does not agree to the change, the current program contractor can ask the Division of Health Care Management (DHCM) to review the case situation. If the Division of Health Care Management (DHCM) determines a change in enrollment would be in the best interest of the customer, DHCM may authorize the enrollment change. If the DHCM determines that a change in enrollment would not be in the best interest of the customer or does not support the choice of the customer, the Division of Health Care Management (DHCM) may deny the enrollment change. The customer may file an appeal with AHCCCS.

Approval of both program contractors is required when:

A Overview

A Overview

Revised 09/21/2017

Each year effective on the customer's anniversary date, an ALTCS customer whose fiscal county is Maricopa County, Gila County, Pinal County, or Pima County has the opportunity to change enrollment to one of the other program contractors that serves their fiscal county.

Policy

1) Enrollment Changes Prior to the Anniversary Date

Generally, once enrollment occurs a customer cannot change enrollment until their anniversary date. However, an ALTCS customer whose county of fiscal responsibility is Maricopa County, Gila County, Pinal County, or Pima County may ask to change to a different program contractor serving that county. In certain circumstances, the customer's request may be approved to allow an enrollment change prior to the anniversary date.

The ALTCS local offices have the authority to approve the change request when any of the following conditions exist:

- Erroneous information or agency error;
- Lack of initial enrollment choice;
- Lack of annual enrollment choice;
- Family continuity of care;
- Continuity of institutional or residential setting; and
- Failure to correctly apply the 90-day re-enrollment policy.

An enrollment change may also be made based on medical continuity of care, but requires the involvement of both the current and receiving program contractors.

If an enrollment change is requested for another reason, the customer is referred to his or her current program contractor.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

2) Who May Request an Enrollment Change?

The customer or the customer's representative may contact the ALTCS local office and request an enrollment change.

The current program contractor sends an Electronic Member Change Report to the ALTCS local office when the customer or representative requests an enrollment change through their current program contractor and claims one of the situations in [MA1107C](#).

3) Effective Date

An enrollment change is effective the first day of the month following the month in which the change is made.

NOTE When the county of fiscal responsibility is changed, the county change and any related enrollment change is effective the day the change is made.

4) Denial of Enrollment Change Requests

The customer will receive a denial letter informing them of their hearing rights. The customer may file a grievance with AHCCCS if an enrollment change request is denied.

5) Evaluating the Request

B Annual Enrollment Choice

B Annual Enrollment Choice

Policy

Annual enrollment choice is a two-month process. An Annual Enrollment Notice is mailed to the customer or representative approximately two months prior to the customer's anniversary date.

The first month is the customer's choice month. During this month the customer has the option to change to a different program contractor. The customer is instructed to call the Communications Center or return the form to the Communications Center in Central Office by the end of the month to change to a different program contractor. The customer does not need to do anything to remain with the same program contractor. At the end of the month the program contractors are notified of the upcoming enrollment changes.

The second month is the program contractors' transition month. This period allows program contractors to arrange for the transition in case management and providers. The program contractors must be allowed a minimum of one full calendar month to arrange for the transition in case management and providers so there is no interruption in the customer's medical care and services.

1) Requests Received During the Transition Month

AHCCCS accepts an annual enrollment change request through the last day of the transition month. However, the enrollment change will be delayed by one month to provide the required transition period.

2) Requests Received Outside the Annual Enrollment Period

C Enrollment Changes Authorized by ALTCS Offices

C Enrollment Changes Authorized by ALTCS Offices

Revised 09/21/2017

Policy

ALTCS local offices have authority to approve a request to change enrollment to another program contractor when:

- Incorrect information was provided to the customer or representative or the agency made an error when the customer was enrolled.
- Customer enrolled or was automatically enrolled with a program contractor that does not contract with that customer's medical providers or facility;
- Lack of initial enrollment choice for a customer living in either Maricopa or Pima Counties;
- Lack of annual enrollment choice because the customer did not receive notice of annual enrollment;
- Customer requests to be enrolled with the same program contractor as other family members;
- Continuity of institutional or residential setting when the customer's program contractor terminates their contract with the long term care medical institution or HCBS community facility; and
- Failure by AHCCCS staff to correctly apply the 90-Day re-enrollment policy.

1) Receipt of Enrollment Change Requests

An ALTCS office may receive an enrollment change request from:

- The customer or the customer's representative; or
- The current program contractor. The current program contractor contacts the ALTCS local office when the customer or representative requests an enrollment change through the current program contractor and claims one of the situations described in this Subsection.

2) Incorrect Information or Agency Error

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

This situation exists when the customer or representative made an enrollment choice based on incorrect information regarding facility, residential setting, primary care physician or other provider contracting with the chosen program contractor based on information provided at the program contractors website, marketing materials or agency error.

Incorrect information includes omissions or failure to divulge network limitations and restrictions in the program contractor's marketing material or database submissions.

3) Customer Enrolled with Program Contractor that Does Not Contract with the Customer's Provider

This situation exists when the customer enrolled or was automatically enrolled with a program contractor that does not contract with that customer's medical providers or facility but another program contractor does.

4) Lack of Initial Enrollment Choice

Lack of initial enrollment choice exists when an ALTCS applicant whose fiscal county was Maricopa County, Gila County, Pinal County, or Pima County was entitled to enrollment choice and was, for any reason, not given a choice of program contractors during the application process.

5) Lack of Annual Enrollment Choice

Lack of enrollment choice means the customer was entitled to participate in an Annual Enrollment Choice, but

- Was not sent an Annual Enrollment Choice notice; or
- Was sent an Annual Enrollment Choice notice but the notice was not received; or
- Was sent an Annual Enrollment Choice notice but was unable to participate in the annual enrollment choice due to circumstances beyond the customer's control (i.e., the customer or representative was hospitalized, the anniversary date fell within a 90-day disenroll/enroll period).

6) Family Continuity of Care

A family continuity of care issue exists when the customer, either through auto-assignment or the choice process is not enrolled with the same program contractor as other family members. Family members, especially married couples, may request, for continuity of care, to be enrolled with the same program contractor.

7) Continuity of Institutional or Residential Setting

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

An enrollment change may be approved when the customer's program contractor terminates their contract with the institutional or alternative residential setting in which the customer lives, and the customer or the customer's representative requests to change to a program contractor who does contract with the customer's institutional or alternative residential setting. The customer must be enrolled and living in the facility at the time of the contract termination.

If the provider (nursing facility or alternative residential setting) terminates the contract, instruction from the Program Support Administration is required before the Eligibility Specialist makes any enrollment change.

8) Failure to Correctly Apply the 90-Day Re-Enrollment Policy

This situation exists when the customer:

- Lost ALTCS eligibility and was disenrolled;
- Was subsequently reapproved for ALTCS within 90-days of the disenrollment date; and
- Was enrolled with a different program contractor.

To correct this situation, the customer is re-enrolled with the program contractor he or she was enrolled with prior to the disenrollment.

Special program contractor changes may be approved on a case-by-case basis to ensure the customer's access to care. These situations generally involve existing conditions at the time of enrollment as opposed to new conditions that develop after enrollment.

Approval requires consent of the Medical Directors of both program contractors or approval by the AHCCCS Chief Medical Officer.

The program contractors determine the effective date of the enrollment change.

Policy

Disenrollment due to loss of eligibility is effective with the end of the month prior to the effective date of discontinuance with the following exceptions:

- Death;
- Voluntary discontinuance;
- Discontinuance due to a hearing decision; and
- Incarceration.

1) Death

Disenrollment due to death is effective on the date of death.

2) Voluntary Discontinuance

Disenrollment based on a request for voluntary discontinuance by the customer or the customer's representative is effective on the last day of the month prior to the effective date of discontinuance.

EXCEPTION: If the customer or representative requests an immediate voluntary discontinuance, disenrollment is effective the day after the date the discontinuance is received by PMMIS.

3) Discontinuance Due to a Hearing

4) Incarceration

When a customer is detained and incarcerated, the customer's enrollment is changed to a no pay status. If jailed in a county that sends daily notifications to AHCCCS, the customer's enrollment is reinstated when released. If incarcerated in the AZ Department of Corrections or an AZ county that does not send daily notification to AHCCCS, the customer's eligibility is stopped.

A Overview

A Overview

Revised 10/01/2018

Policy

Children's Rehabilitative Services (CRS) is a designation that provides medical treatment, rehabilitation, and related support services for customers with special health care needs.

To get a CRS designation, the customer must meet the following requirements:

- Be under the age of 21 at the time of initial determination of the CRS designation
- Have a CRS-qualifying condition requiring active treatment; and
- Receiving full acute AHCCCS Medical Assistance or ALTCS/DDD services.

Definitions

Term	Definition

B CRS Application and Designation

B CRS Application and Designation

Revised 11/26/2019

Policy

1) Children's Rehabilitative Services (CRS) Application and Designation

A CRS application must be filled out and submitted with medical records from the specialist who is treating the CRS condition. The medical records need to include information about the person's medical condition and the need for treatment within 18 months.

Anyone can complete a CRS application for the customer, including a family member, doctor, or health plan representative. The completed application along with the medical records can be mailed, faxed or dropped off in person to the CRS Unit.

A copy of the CRS application with instructions and contact information for the CRS Unit are available on the AHCCCS website at:

<https://azahcccs.gov/PlansProviders/CurrentProviders/CRSreferrals.html>

2) Processing Timeframes

The CRS designation decision must be completed within 60 days of the date that a complete CRS application is submitted to the CRS Unit. The customer and the AHCCCS Complete Care (ACC) plan are sent a letter with the CRS decision. The CRS designation starts the date the decision is made.

An AHCCCS provider or health plan may ask for a rush on the CRS decision when the customer has an urgent need for treatment. The CRS Unit reviews these requests and works with the health plan to coordinate the process as needed.

3) Responsibility for covering CRS Services

Customers with a CRS designation get CRS services through their AHCCCS Complete Care plan. DDD customers get their CRS services through their DDD Health Plan.

If the customer opts out of their CRS designation, the customer will get the same services through their AHCCCS Complete Care (ACC) plan.

C CRS Designation Changes

C CRS Designation Changes

Revised 11/26/2019

Policy

1) Removal of Designation

CRS designation ends when the customer:

- Is disenrolled from AHCCCS;
- Transitions to ALTCS/EPD and is enrolled with a program contractor;
- Asks to remove the CRS designation; or
- No longer meets the medical eligibility requirements for the CRS program.

NOTE If a medical condition is removed from the list of CRS qualifying conditions in [R9-22-1303](#), it does not impact a customer's CRS designation for customers who are already in active treatment for that condition.

2) Re-designation

CRS customers under age 21 that lose AHCCCS eligibility but regain it within 12 months will get a CRS designation without a new application.

Customers may also get a CRS designation without a new application when they have opted out of CRS, but change their minds within 12 months.

The AHCCCS CRS Unit may use the information already in the system to determine if the customer is eligible for CRS , or may need updated documentation.

D CRS Designation Reviews

D CRS Designation Reviews

Revised 10/01/2018

Policy

Continued designation for CRS is reviewed when the customer is no longer in active treatment for a CRS qualifying condition. The health plan notifies AHCCCS that the CRS customer is no longer in active treatment.

The AHCCCS CRS Unit reviews the customer's continued need for services. If needed, additional medical documentation is requested from the health plan.

If the customer no longer needs treatment for a CRS qualifying condition, a letter is sent to the customer that the CRS designation is ending and the customer's right to appeal the decision. The health plan is also notified of the decision.

If it is determined that the customer is still eligible for a CRS designation, the health plan is notified of the decision.

A Overview

A Overview

Revised 03/30/2018

Policy

The Share of Cost (SOC) is a monthly amount a customer must pay toward the cost of long term care services. Customers who qualify for ALTCS or FTW – ALTCS may have a SOC. However, the maximum SOC is limited to the monthly capitation rate for the customer.

Customers who get ALTCS Acute Care only, and FTW – ALTCS customers who live in an HCBS setting do not have a SOC.

The SOC amount is based on the customer's:

- Counted income;
- Living arrangement; and
- Allowed SOC deductions.

The SOC is recalculated each time there is a change in the customer's income or amount of the SOC deductions.

The ALTCS program contractor is usually responsible for collecting the SOC from the customer. However, there are exceptions as described in the table below:

If the customer...	Then...
Is eligible, but not enrolled during a month	The program contractor is not responsible for collecting the customer's SOC for that month.
Changes program contractors during the month	Each program contractor is entitled to a portion of the monthly SOC based on the number of days the customer is enrolled with that program contractor. The program contractor with whom the customer is first enrolled during the month is responsible for collecting the SOC, figuring each program contractor's share,

C Share of Cost (SOC) Deductions

1) Personal Needs Allowance (PNA)

The amount of the Personal Needs Allowance (PNA) is determined on a month-by-month basis. The PNA amount depends on the customer’s living arrangement during the calendar month. For more information about living arrangements, see MA521.

The amount of the PNA is calculated as follows:

If the customer...	Then the PNA for that month is...
Lives in a long term care medical facility for the entire calendar month	<ul style="list-style-type: none"> • 15% of the Federal Benefit Rate (FBR) for ALTCS customers • 15% of the FBR plus 50% of the customer’s gross earned income for the month for FTW – ALTCS customers
During any part of the calendar month, lives in: <ul style="list-style-type: none"> • His or her own home; • An HCBS setting; or • Jail, prison, or other detention facility 	300% of the FBR
Has garnished court-ordered child support or spousal support	Increased by the amount of the garnished court-ordered child support or spousal support including administrative fees.

The Table below lists the FBR Standards used to determine the PNA:

	Effective 01/01/2019 to 12/31/2019	Effective 01/01/2020 to 12/31/2020	Effective 01/01/2021 to 12/31/2021
15% of the FBR	\$115.65	\$117.45	\$119.10
300% of the FBR	\$2,313.00	\$2,349.00	\$2,382.00

2) Spousal Allowance (Non-Community Spouse)

When eligibility was determined using non-community spouse rules, a customer with a spouse but no dependent children living at home gets a deduction for the maintenance needs of the spouse. The customer may be living either in a medical facility or in the community.

The spousal allowance is calculated by subtracting the spouse's counted income from the amount of the individual FBR.

3) Family Allowance (Non-Community Spouse)

When eligibility was determined using non-community spouse rules, a customer with dependent children living at home gets a deduction for the maintenance needs of the family. The customer may be living either in a medical facility or in the community.

The customer's family includes any of the following living in the home:

- The customer's spouse; and
- The customer's dependent children, including step-children.

The Family Allowance is determined by subtracting the combined counted income of the spouse and children from the AFDC A-1 Need Standard shown in the table below for the number of family members (not counting the customer).

Number of people	Need Standard
1	\$567
2	\$765
3	\$964
4	\$1,162
5	\$1,360
6	\$1,559
7	\$1,757
8	\$1,955
9	\$2,153
10	\$2,351
11	\$2,549

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

12	\$2,747
13	\$2,945

NOTE For families larger than 13, add \$198 to the Need Standard for each additional person.

Family Allowance (Non-Community Spouse) Example

4) Home Maintenance Needs Allowance (Non-Community Spouse)

When eligibility was determined using non-community spouse rules, the customer may qualify for a Home Maintenance Needs Allowance for up to six months when the customer:

- Lives in a medical institution for the entire calendar month;
- Does not have a spouse or child living at home;
- Is responsible for paying shelter expenses to maintain his or her home; and
- Is likely to return to the home within six months of the date the customer entered the medical institution.

The Home Maintenance Needs Allowance is based on a federal standard and changes infrequently:

Effective 01/01/1989 to 06/30/1993	Effective 07/01/1993 to Present
\$138.00	\$210.00

The Home Maintenance Needs Allowance is deducted beginning the first month following the month the customer entered the medical institution.

In the case of institutionalized couples, only one Home Maintenance Needs Allowance is allowed. If both spouses are expected to return home within the six-month period, the Home Maintenance Needs Allowance is deducted from the SOC of the spouse for whom it would be most beneficial.

The home maintenance allowance can be applied to separate periods of institutionalization for the same customer. However, a temporary absence from an institution is not a basis for beginning a new six-month period for the deduction. The

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

customer must be discharged from the institution before another six-month period is allowed.

Home Maintenance Needs Allowance Example

5) Community Spouse Monthly Income Allowance (CSMIA)

When eligibility is determined using community spouse policy, a customer may qualify for a Community Spouse Monthly Income Allowance (CSMIA) deduction when the customer actually gives the monthly CSMIA amount to the community spouse.

If a court has ordered the customer to pay monthly financial support for the community spouse, the CSMIA is the higher of:

- The amount of the monthly support ordered by the court; or
- The calculated CSMIA.

NOTE An Administrative Law Judge may increase the amount of the MMMNA when the customer or spouse appeals the amount and there is proof that the community spouse has a greater need due to circumstances resulting in significant financial hardship.

Steps used to calculate the CSMIA

The following steps are used to calculate the CSMIA. Detailed information about the amounts used in the steps is included below the table:

Step	Action
1	Add the Utility Allowance to the Community Spouse's verified shelter costs.
2	Take the total from Step 1 and subtract 30% of the Monthly Spousal Need Standard. Any remaining amount is the Excess Shelter Allowance.
3	Add the Excess Shelter Allowance and the Monthly Spousal Need Standard. The result is the <u>Minimum</u> Monthly Maintenance Needs Allowance (MMMNA).
4	Compare the MMMNA from Step 3 to the <u>Maximum</u> Monthly Maintenance Needs Standard.
5	Take the lower of the amounts from Step 4 and subtract the counted monthly income of the community spouse. The result is the CSMIA.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

Standards used to calculate the CSMIA

The following standards are used in calculating the Community Spouse Monthly Income Allowance (CSMIA) for a community spouse. These are federal standards that change annually:

	Effective 07/01/2017 to 06/30/2018	Effective 07/01/2018 to 06/30/2019	Effective 07/01/2019 to 06/30/2020	Effective 07/01/2020 to 06/30/2021

Maximum Monthly Spousal Need Standard	\$3,090.00	\$3,160.50	\$3,216.00	\$3,259.50

Standard Utility Allowance (SUA)

\$274.00	\$278.00	\$289.00	\$295.00

Utility Allowance

When calculating the CSMIA, the customer qualifies for a Utility Allowance when:

- The customer or community spouse pays for heating or cooling the home where the community spouse resides; and
- The costs are billed separately from their rent or mortgage on a regular basis.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

The household does not need to be billed by a utility company to get this allowance. If the utility bill is in another person's name but the customer or spouse pays the bill, the customer gets the Utility Allowance.

The customer can get the Utility Allowance even when the household has heating or cooling costs for only part of the year. This includes those who have heating but not cooling costs, or cooling costs but not heating costs.

A Utility Allowance is allowed when household receives Low Income Home Energy Assistance (LIHEA) payments directly or through a vendor.

When the household qualifies for a Utility Allowance, the amount allowed is either:

- The Standard Utility Allowance (SUA); or
- A portion of the SUA.

When the household shares utility expenses with another household, or does not have a separate utility meter:

- The SUA is divided equally by the number of households which share the expense, if each pays an equal share; or
- The SUA is prorated among the households based on the portion paid by each.

When the household pays a required condominium or cooperative maintenance charge that includes a utility expense, that utility expense amount is subtracted from the SUA to get the Utility Allowance.

The following expenses do not qualify the household for the Utility Allowance:

- Costs of operating fans for cooling, portable space heaters, electric blankets, and heat lamps;
- Costs for cooking stoves, unless the stove is the primary heating source;
- The costs of cutting wood for heating;
- Costs for water for evaporative coolers; and
- Costs only for excess heating or cooling expenses. For example, when a customer's utilities are included in the rent up to a certain usage level or dollar amount, the excess amount does not qualify.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

When both spouses live in the community, each spouse gets the full Utility Allowance calculated.

Excess Shelter Allowance

A customer may get an Excess Shelter Allowance only for verified shelter expenses.

Shelter expenses that are paid annually, semi-annually or quarterly, such as taxes, and homeowners insurance, are divided by the number of months they cover to determine a monthly amount.

When both spouses are receiving or intending to receive HCBS, share the same residence, and are eligible for ALTCS benefits, each is entitled to half of the verified shelter expenses for the Excess Shelter Allowance.

Community Spouse Monthly Income Allowance (CSMIA) Example

6) Community Spouse Family Allowance

When eligibility is determined using community spouse policy, a customer may qualify for a Community Spouse Family Allowance when the customer has a dependent family member living at home with the community spouse.

A family member must meet all of the following to be considered a dependent:

- Income low enough to be claimed as a tax dependent;
- At least 50% of the cost of the family member's support was paid by the customer and the community spouse; and
- Citizenship or residence.

When both spouses are eligible for ALTCS benefits and living in the community, each spouse gets one-half of the Family Allowance.

Income low enough to be claimed as a tax dependent

The family member must not receive enough income during the year to have to file a tax return. For current information about who must file a tax return, go to the IRS web-page listed below and select Publication (Publ.) 501.

<http://apps.irs.gov/app/picklist/list/formsPublications.html>

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

EXCEPTION:

A child whose income is high enough to have to pay taxes can still be considered a dependent when he or she meets any of the following criteria:

- Was under 19 years of age at the end of the calendar year;
- Was under 24 years of age at the end of the calendar year and was enrolled as a full-time student at a school during any 5 months of the calendar year.

NOTE The school must have a regular teaching staff, course of study, and enrolled body of students in attendance. It does not include on-the-job training courses or correspondence schools.

A married family member who is required to file a tax return and files a joint return cannot be a dependent. When the married family member is not required to file and only filed to get a refund, the person can be a dependent.

Support Requirement

To be considered a dependent, the institutionalized or community spouse must have paid over half of the family member's support in the calendar year, including such items as:

- Basic needs like food, clothing and housing;
- Medical and dental care;
- Recreation; and
- Education.

In general, when both parents together paid more than half of the child's support, the child is considered the dependent of the custodial parent if the parents are divorced or separated.

The child is only the dependent of a non-custodial parent when:

- The custodial parent signs IRS Form 8332, or similar written statement, agreeing not to claim the child as a dependent, or
- A divorce decree or other court order states that the non-custodial parent can take an income tax exemption for the child, and the non-custodial parent provided at least \$600 for the child's support in the calendar year.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

Citizenship or Residency Requirements

To be considered a dependent, the family member must meet one of the following:

- A citizen or national of the U.S.;
- A non-citizen who is a resident of the U.S., Canada or Mexico; or
- A non-citizen child adopted by and living the entire calendar year with a U.S. citizen parent in a foreign country.

Calculation

The Family Allowance is calculated for each dependent as follows:

Step	Action
1	Start with the Monthly Spousal Need Standard and subtract the dependent's counted monthly income.
2	Divide the remainder from Step 1 by three. The result is the Community Spouse Family Needs Allowance for that family member.

See Examples - Community Spouse Family Allowance

7) Health Insurance Premiums

A SOC deduction is allowed for health insurance premiums the customer pays for his or her own coverage. A deduction is not allowed for premiums paid by anyone else or for any part of the premium that covers anyone else. When the premium covers people in addition to the customer, only the customer's share of the premium is allowed as a SOC deduction. Health insurance includes any of the following:

- Medicare;
- Group health insurance;
- Dental insurance;

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- Hearing aid insurance;
- Vision care insurance; and
- Prescription drug plan.

EXCEPTION:

Premiums for insurance policies that pay a flat rate benefit or a set amount to the person regardless of the actual charges or expenses are not allowed as SOC deductions.

Prorating Health Insurance Premiums

When the premium is billed less often than monthly, (quarterly or annually for example), the customer can choose to have the health insurance premium payment either:

- Deducted from the SOC for the month in which the payment is due, or
- Divided by the number of months it is meant to cover to get a monthly SOC deduction.

See Example Prorating Health Insurance Premiums

Pension Supplements for Health Insurance Premiums

When the customer's pension benefit includes an amount to pay for all or part of the cost of health insurance premiums, a SOC deduction is only allowed for the amount of the health insurance premium that exceeds of the amount of reimbursement. When the customer also pays health insurance premiums for a spouse, the customer's share of the insurance premium is compared to the total reimbursement received. A SOC deduction is allowed only for the amount of the customer's share of the insurance premium that exceeds the total reimbursement.

See Example Pension Supplements for Health Insurance Premiums

Extra Help for Medicare Part D Coverage

When a customer's Medicare Part D premiums is all or partly paid by the Extra Help program, a SOC deduction is only allowed for the amount of the Medicare Part D premium the customer actually pays.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

See Example Extra Help for Medicare Part D Coverage

8) Non-Covered Medical Expenses

A SOC deduction is allowed for medical expenses that are not covered by the program contractor or any other health insurance.

NOTE When the customer is not eligible for the ALTCS full benefit package due to a transfer penalty period, non-covered medical expenses during that period will not be allowed as a SOC deduction.

To qualify for the deduction the expense:

- Must be medically necessary;
- Must be ordered by a licensed healthcare professional (i.e., doctor, dentist, or other provider);

Policy

Program contractors cannot by law pay more for a person's HCBS than they would pay for that same person in a nursing facility, except for a very short amount of time.

The Cost Effectiveness Study Share of Cost (CES SOC) gives the program contractor a figure to use in determining if providing HCBS to a customer is cost effective.

The program contractor may advise the person to consider other alternatives or options if the cost of the HCBS needed is more than the program contractor would be allowed to pay if the customer were in a nursing facility.

A General Information About FTW Premiums

A General Information About FTW Premiums

Revised 06/08/2017

Policy

A FTW premium is calculated for all customers who qualify for:

- AHCCCS Medical Services under an AHCCCS FTW coverage group; or
- FTW-ALTCS services and do not have a Share of Cost (SOC).

The FTW premium amount is based on the customer's net countable monthly earned income:

From	To	Premium
\$0.00	\$500.00	\$0
\$500.01	\$750.00	\$10
\$750.01	\$1,000.00	\$15

\$1,500.01	\$1,750.00	\$30
\$1,750.01	The FTW income limit (250% FPL)	\$35

EXCEPTION:

American Indian and Alaska Native customers, as well as the children and grandchildren of tribal members, are not charged a premium when they prove their tribal enrollment (or that of their parent/grandparent).

1) Proof of Tribal Enrollment

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

American Indians and Alaska Natives who qualify for FTW must provide proof of tribal enrollment to be exempt from monthly premium charges. Proof of enrollment or tribal membership includes:

- Certificate of Degree of Indian Blood;
- Tribal ID;
- Tribal Census Record; and
- Other document provided by the tribe stating that the person is an enrolled member of the tribe.

Children and grandchildren of tribal members must submit documentation that proves they are descendants of a tribal member. Proof includes:

- An official letter on tribal letterhead from the tribe stating that the applicant is a child or grandchild of a tribal member; or
- A document verifying the tribal member's enrollment in the tribe and a document verifying that the applicant is a child or grandchild of the tribal member.

When a person claiming to be a American Indian, Alaska Native, or the child/grandchild of a tribal member does not provide proof of tribal enrollment, the premium exemption does not apply and a premium may be charged.

NOTE Do not deny eligibility because there is no proof of tribal enrollment.

When a person is approved with a premium and later provides proof of tribal enrollment, the person is exempt from paying the premium beginning the month after the proof is provided.

2) When Do Premiums Begin?

Premiums begin with the month following the month in which the approval is dispositioned.

B Premium Billing and Payment

B Premium Billing and Payment

Revised 11/06/2020

Policy

The AHCCCS Division of Business and Finance (DBF) sends a bill for the premium to the customer on the first day of each month. If the first day of the month is a weekend or holiday, the bills are mailed on the first workday of the month.

The billing statement notifies the customer of:

- The current amount due; and
- Past due amounts.

1) When Are Premium Payments Due?

Premiums are prospective. This means:

- The premium is due on the 15th of the month following the month the person is approved for AHCCCS FTW.
- The premium for each following month is due by the 15th of that month.

If a payment is not received by the 15th of the month, it is considered late.

2) How Can Payments be Made?

The customer or anyone else may pay the premium by:

- Cashier's check or personal check;
- Money order; or
- Credit or debit card.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT

Payments can be made online using AHCCCS' [Online Premium Payment](#) service or can be mailed to the following address:

STATE OF ARIZONA AHCCCS

File 749228

Los Angeles, CA 90074-9228

Important! When mailing a payment, it may take five to seven days to be processed and credited.

Payments may be made in advance. For example, the customer may pay quarterly, bi-annually or annually.

3) Premium Payment During an Appeal Process

When an AHCCCS FTW customer with a premium wants to have AHCCCS Medical Assistance continued during the appeal process, the customer must:

- Request a hearing prior to the effective date of discontinuance; and
- Pay the premium for the first month of the appeal period in advance.

Premium Payment During an Appeal Process Example

4) Appeal of the Premium Amount

If the customer appeals the amount of the premium for an FTW approval, the customer must pay the assessed premium throughout the hearing process.

If a customer appeals an increase in the AHCCCS FTW premium and the appeal request is received prior to the effective date of the premium increase, the premium amount is decreased to the lower amount until a hearing decision is made.

5) When Are Changes in the Premium Amount Effective?

A decrease in a customer's premium is effective the month after proof of the income or Impairment Related Work Expenses (IRWE) change is provided.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

An increase in a customer's premium is effective the first month after a 10-day advance notice is sent to the customer. When there are less than 10 days before the first day of the next month, the premium is increased the first day of the month after that.

D Premium Hardship Waiver for KidsCare

D Premium Hardship Waiver for KidsCare

Revised 11/06/2020

Policy

A person may request to waive a child's premium for the prior or current month due to a hardship in the month. When the premium is waived for the current month, the premium for the prior month is also waived even when there are no expenses in that month.

The main contact must have paid or be required to pay the expense during the month the premium is waived. When the premium is waived and the customer does not pay the expense, the premium cannot be waived again using the same expense. When a person has ongoing expenses, the premium may be waived for future months as well. When the premium is waived for future months, it must be reevaluated at renewal.

A hardship exists when a member of the budget group died or the budget group has one or more of the following expenses which exceed 10% of the countable gross income of the budget group:

- Medically necessary expenses for any member of the budget group that insurance did not pay for. Medically necessary means a covered service provided by a physician or other licensed practitioner to prevent disease, disability, or other adverse health conditions or their progression or prolong life;
- Health insurance premiums for any member of the budget group;
- Unexpected expenses for repairs to the home. Repairs include items such as fixing a leaky roof, replacing a non-working air conditioner, repairing plumbing, etc. Repairs do not include remodeling or redecorating; or
- Expenses for repairs to a budget group member's transportation so the individual can get to work. This does not include routine maintenance such as tune-ups, oil changes, etc.

1) Proof

The Main Contact's statement on the written request as proof of income and death of a budget group member is accepted.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

The Main Contact must provide proof of the expense(s). Proof of the expense(s) includes a copy of the bill or receipt that shows the type, date, and amount of the expense. An estimate is not considered proof.

2) Re-Evaluate Waiver at Renewal

When the premium is currently waived on an ongoing basis, the hardship waiver will be reviewed again at time of renewal even when benefits are being discontinued. When the children remain eligible for the hardship waiver and appeal the discontinuance, the premium is waived during the appeal process.

E Premiums During 12-Month Guarantee and Appeals Process

E Premiums During 12-Month Guarantee and Appeals Process

Revised 02/01/2018

Policy

A child who is eligible solely due to the 12-month guarantee period is counted in the premium calculation.

1) 12-Month Guarantee Premium Amount

When a child is eligible due to the guarantee period, the premium amount is recalculated based on the number of children who remain either KidsCare eligible or who are eligible under the guarantee period. One premium amount is calculated for all children in the case. When the income budgeted exceeds the limit, the maximum premium amount is used.

2) 12- Month Guarantee Letter

A KidsCare Guarantee Letter is sent indicating that benefits are continuing under the guarantee period and the revised premium amount.

3) Non-Payment

For non-payment of premiums during the 12-month guarantee period see [MA1204C](#).

4) Premiums During Appeal

When a customer wants to have KidsCare continued during the appeal process, the customer must:

- Request a hearing prior to the effective date of discontinuance;
- Pay the full monthly premium amount prior to the date of the discontinuance; and
- Continue to pay the full monthly premium amount each month during the hearing process.

When the payment is not received by the end of the month, coverage is stopped for the remainder of the fair hearing period.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

5) Appeal Due to Premium Increase

When a customer appeals an increase in the KidsCare premium and the hearing request is received prior to the effective date of the premium increase, restore the premium amount to the lower amount until a hearing decision is made. The customer must pay the premium throughout the hearing process.

1205 Transplant Extended Eligibility Program - Share of Cost

1205 Transplant Extended Eligibility Program - Share of Cost

Revised 02/01/2018

Policy

Customers that qualify for the Transplant Extended Eligibility Program must pay a “share of cost” to the medical facility performing the transplant.

The following determine the share of cost amount:

- The number of family members in the customer’s household;
- The customer’s family income for a three-month period; and
- The customer’s family medical expenses for a three-month period.

1) Family members

When they live with the customer, the following family members’ income and expenses are used in the Transplant Share of Cost determination:

- Customer;
- Customer’s spouse;
- The customer’s or spouse’s children under age 19; and
- When the customer is under age 19 and unmarried, the customer’s parents.

2) Family Income

The family’s countable income is determined for a three-month period. The Three-Month Income Period is:

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

- The month the customer was determined ineligible.
- The month following the month of the customer was determined ineligible.
- The second month following the month the customer was determined ineligible.

3) Medical Expenses

The family's allowable medical expenses over a three month period are deducted from countable income in the Transplant Share of Cost determination. The Three Month Expense Period consists of:

- The month prior to the month the customer was determined ineligible.
- The month the customer was determined ineligible.
- The month after the month the customer was determined ineligible.

Expenses incurred during the Three Month Expense Period by family members who have died or moved out of the home can be used in determining the Transplant Share of Cost when both of the following are met:

- The family member who died or moved out was living in the home when the medical expenses were incurred; AND
- A family member who still lives in the home is financially responsible for paying the medical expenses.

4) 40% of FPL Amounts

The TSOC is based on income in excess of 40% of the FPL for the customer's family size. The following table provides the 40% FPL monthly amounts:

Family Size	40%
1	\$405.00
2	\$549.00
3	\$693.00
4	\$837.00

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

5	\$981.00
6	\$1,125.00
7	\$1,269.00
8	\$1,557.00
Each Additional*	\$144

*"Each Additional" is an approximate amount only.

5) Transplant Share of Cost (TSOC) Calculation

Follow the steps below to calculate the TSOC.

Step	Action
1	Total the countable family income for the Three-Month Income Period.
2	Find the 40% of the FPL amount for the number of family members and multiply by three to get the Three-Month Income Standard.
3	Subtract the Three-Month Income Standard from the total income from Step 1.
4	Subtract the allowable expenses incurred in the Three Month Expense Period from the remaining income from Step 3.
5	Divide the remaining amount from Step 4 by the budget group size to get the customer's Transplant Share of Cost amount.

E Customers in the Address Confidentiality Program

Revised 11/16/2018

Policy

The Address Confidentiality Program (ACP) provides survivors and victims of domestic violence, sexual offenses, and/or stalking with a means to prevent abusers from locating them through public records. The ACP was signed into law April 19, 2011 and is administered by the Secretary of State's Office.

The ACP provides two critical services:

1. A legal substitute address, which may be used as a residential, school, or work address. This address has no reflection of their actual address. When presented with a current and valid authorization card, accept the substitute address as the lawful address of record.
2. A mail forwarding service. The ACP receives first class mail for ACP participants and forwards the mail to the participant's actual confidential mailing address. The ACP also accepts registered, certified, and legal mail on behalf of the participants. ACP does not forward magazines, junk mail, or packages.

NOTE Participation in The Address Confidentiality Program is not confidential, only the participant's actual address is confidential.

Policy

ALTCS applications are different from other AHCCCS Medical Assistance applications in the following ways:

- A financial interview with the customer or customer's representative is required;
- A Pre-Admission Screening (PAS) assessment is required;
- A Share of Cost (SOC) is estimated and determined; and
- Customers may still qualify for other AHCCCS Medicaid Assistance categories, when they fail to meet requirements that only apply to ALTCS.

General information about the application process can be found in [MA1301](#) and [MA1302](#). This section provides information specific to the ALTCS application process.

1) ALTCS Interview

A financial interview is required for all ALTCS applications. The interview may be in person or by telephone.

The interview may be with the customer or with a person acting on behalf of the customer such as a representative ([MA1301A.3](#)).

2) PAS Assessment

To qualify for ALTCS a customer must be determined to need the level of care provided in a hospital, skilled nursing facility or intermediate care facility. This determination is made through the PAS process.

[Chapter 1000](#) contains a complete description of the PAS process.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

3) Estimating the Share of Cost

Most nursing facilities require full payment of all facility expenses prior to ALTCS approval. However, some nursing facilities will allow a patient who has applied for ALTCS to pay the estimated share of cost during the application process.

A Share of Cost Estimate is completed for customers who:

- Live in a nursing facility; or
- Expect placement in a nursing facility during the ALTCS application process.

The most accurate information available is used during the application process to calculate the customer's estimated SOC. This estimate may change once proof of income and deductions is received. The SOC amount can change from month to month based on changes in income, deductions and living arrangements;

The fact that an estimated SOC has been provided is no guarantee that the ALTCS application will be approved. Approval is subject to the customer meeting all financial and medical eligibility requirements. If the application is approved, the approval notice will show the actual SOC amount(s);

The nursing facility may require payment in full pending approval of the ALTCS application. However, if the nursing facility agrees to accept estimated SOC payments pending ALTCS approval, the customer should begin paying the estimated SOC amount to the nursing facility while the ALTCS application is being processed;

If the customer paid the estimated SOC and the actual SOC is lower, the nursing facility will refund the difference for each approved month (MA705J).

4) Customers Not Eligible for ALTCS

A customer may qualify for other AHCCCS MA categories when the customer does not qualify for ALTCS for one of the following reasons:

- Failed the PAS;
- Missed Appointment;
- Failed to verify resources; or
- Has excess resources.

1304 SSI-MAO Application Process

1304 SSI-MAO Application Process

Revised 11/29/2018

Overview

This section describes application requirements that are specific to the Supplemental Security Income - Medical Assistance Only (SSI-MAO) program.

- Screening for one of the three specialty groups within SSI-MAO; and
- Disability determinations.

General information about the application process can be found in [MA1301](#) and [MA1302](#).

A SSI-MAO Specialty Groups

A SSI-MAO Specialty Groups

Revised 11/24/2020

Policy

There are three SSI-MAO specialty groups:

- Disabled Adult Child (DAC);
- Disabled Widow Widower (DWW); or
- Pickle.

Everyone in these groups previously received SSI Cash benefits from the Social Security Administration.

All persons who apply for SSI-MAO must be screened to see if they qualify for one of the specialty groups.

Persons in the SSI MAO specialty groups must meet all of the SSI MAO requirements as well as the special conditions in MA413. The income limit for all of the SSI-MAO Specialty Groups is 100% of the Federal Benefit Rate (FBR), but special income disregards may apply. If the applicant's income is over 100% of the FBR, see the following manual sections for information about income disregards:

- Disabled Adult Child (see MA611C);
- Disabled Widow Widower (see MA611D);
- Pickle (see MA611B)

B Disability Determination

B Disability Determination

Revised 11/29/2018

Policy

A referral to the Disability Determination Services Administration (DDSA) is required when the applicant:

- Is under age 65;
- Is applying for Medical Assistance and is not eligible for any other category; and
- Does not have proof of disability (MA509) or blindness (MA504).

1) Applicants with Serious Mental Illness (SMI)

Depending on the functional criteria reported on the following forms, the applicant may be considered disabled or presumed disabled:

- A SMI Determination Report Summary; and/or
- SMI Eligibility Outcome supplemental form completed and signed by a physician or psychiatric; and
- Medical evidence supporting the SMI diagnosis.

If the customer is...	Then...
Considered disabled (SMI A)	Medical Assistance benefits may be approved if the customer is otherwise eligible. However, a DDSA referral is required for a random sample of these customers to confirm the disability.
Presumed disabled (SMI B)	Medical Assistance benefits may be approved if the applicant is otherwise eligible. However, a DDSA referral is required to confirm disability.

2) Presumptive Eligibility for SSI-Cash

Under certain circumstances, Social Security will approve SSI-Cash for a six-month presumptive eligibility period while determining whether a person meets the criteria of disability. When a person has been approved for presumptive SSI disability benefits, a DDSA referral is not required because the customer is considered to have met the definition of disabled during the presumptive eligibility period.

1305 Medicare Savings Program (MSP) Application Process

1305 Medicare Savings Program (MSP) Application Process

Revised 11/29/2018

Policy

This section describes application requirements that are specific to the Medicare Savings Program (MSP) program.

- Dual Eligibility
- Receiving SSI-Cash
- Conditional QMB
- Medicare buy-in

General information about the application process can be found in [MA1301](#) and [MA1302](#).

1) Dual Eligibility

People who qualify for QMB or SLMB may also qualify for AHCCCS Medical Assistance. This is known as “dual eligibility”, because the person is eligible for both programs at the same time.

No dual eligibility is possible for people who qualify for QI-1 because the program requires that the customer cannot be eligible for any other Medicaid program.

2) SSI-Cash Recipients

SSI Cash recipients are automatically eligible for QMB benefits if receiving free Medicare Part A. These customers do not need to apply for QMB.

SSI Cash recipients who are required to pay a premium for Medicare Part A must apply for QMB.

3) Conditional QMB

Most customers who are eligible for Medicare Part A receive free Part A coverage. However, some customers are required to pay a monthly premium.

Customers who are unable or unwilling to pay the Part A premium must apply for Medicare Part A on the condition that their Part A enrollment will only be effective if QMB is later approved. After filing a conditional Part A application with SSA, these customers must apply for QMB.

4) Buy-In Process

When a customer is approved for MSP, the request for Medicare Part A and Part B buy-in is sent to the Centers for Medicare and Medicaid Services (CMS). Requests are sent in once a month. CMS processes the request for buy-in and either accepts or rejects the request. It may take two or three months for payment of the Medicare premiums to begin through the buy-in process.

5) No Medicare Part B but Eligible for SLMB or QI-1

When a customer has Medicare Part A and meets all other requirements, the customer can qualify for SLMB or QI-1 even if they do not have Medicare Part B. The customer can choose to enroll in Medicare Part B and the Part B premium will be paid for through the SLMB or QI-1 eligibility. Customers do not have to enroll in Medicare Part B through this option, and some may not want to enroll. When a customer obtains Medicare part B and later loses eligibility for SLMB or QI-1, they will be responsible to pay the Medicare part B premium. It may take a few months for the buy-in records to update, and the Part B premiums for all months between losing MSP and Social Security records being updated may be deducted at one time from the customer's Social Security benefit.

1306 Freedom to Work (FTW) Application Process

Policy

This section describes application requirements that are specific to the FTW program.

- Meets the FTW disability requirements (see MA509);
- FTW and MSP dual eligibility;
- Does not qualify for AHCCCS Medical Assistance under another program.

A customer who qualifies for AHCCCS FTW coverage may receive either ALTCS services or AHCCCS Medical Assistance:

General information about the application process can be found in [MA1301](#) and [MA1302](#). This section provides information specific to the MSP application process.

1) FTW Disability Determination

If the customer was not previously determined disabled by the Disability Determination Services Administration (DDSA), the AHCCCS FTW Unit requests a special AHCCCS FTW disability determination. DDSA disregards the customer's employment activity that is part of the usual disability determination.

2) FTW and Medicare Savings Program (MSP)

There is no automatic Medicare buy-in for persons who are approved for FTW. However, FTW customers may also qualify for QMB or SLMB.

- The Hopi Women's Health Program; and
- The Navajo Nation Breast and Cervical Cancer Prevention Program.

The AZ-NBCCEDP staff:

- Help women complete an MA application;
- Explain the BCCTP to applicants;
- Provide results of the screening and diagnosis to AHCCCS;
- Refer women who need treatment and appear to be eligible for BCCTP to AHCCCS;

- Provide supporting documentation of eligibility to AHCCCS; and

NOTE This includes supporting documentation of citizenship status (naturalized citizen or legal non-citizen) and health insurance coverage.

2) Screening for Other MA Eligibility

A woman must be ineligible for all other Medicaid (Title XIX) coverage groups to qualify for the BCCTP coverage group (MA522)

If the woman is eligible for AHCCCS Medical Assistance under any other Medicaid coverage group, she must be approved for the other coverage group.

Review for other MA eligibility when:

- Completing the initial application;
- The customer reports a change in income or household members;
- The customer becomes ineligible for BCCTP (for example, due to the end of cancer treatment, age, health insurance coverage); and
- During the annual renewal.

See BCCTP Review for Other MA Eligibility for detailed steps.

1312 Applications for Hospitalized Inmates

1312 Applications for Hospitalized Inmates

Policy

Revised 03/30/2018

A person in jail, prison or other detention facility who is admitted to a hospital as an inpatient is not considered an inmate during the inpatient hospital stay. AHCCCS has agreements with several Arizona counties and the Arizona Department of Corrections (ADOC) to determine eligibility for inmates who are admitted for an inpatient stay.

1) Eligibility Requirements

The inmate must meet all of the conditions of eligibility for Medicaid to receive medical coverage for their inpatient hospitalization. However, there are some differences in how to treat the following conditions of eligibility:

- Residency; and
- Potential benefits.

Residency

The inmate must be an Arizona resident at the time of incarceration and not placed by another state's department of corrections. Being an inmate in an Arizona detention facility does not make the person an Arizona resident.

Potential Benefits

Inmates are not required to apply for the following benefits as they are not potentially eligible while incarcerated:

- SSI-Cash or Social Security Administration (SSA) benefits;

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

- Veteran's Administration (VA) pension payments while in prison due to a felony;
and
- Unemployment Insurance.

2) Eligibility Period

If the person qualifies, the eligibility may cover an entire month or more, but AHCCCS can only pay for covered services received during the inpatient stay.

3) Processing Inmate Referrals

The DES/FAA Research and Analysis Unit processes all inmate applications received from ADOC.

1313 Prior Quarter Coverage

Revised 07/01/2019

This section describes application requirements that are specific to Prior Quarter Coverage.

1) AHCCCS Medical Assistance (MA)

To qualify for Prior Quarter Coverage of MA, the person must:

- Be pregnant, in the postpartum period, or under age 19;
- Have a medical expense in a Prior Quarter month. The medical expense can be paid or unpaid; and
- Meet all eligibility requirements in the month the medical service occurred.

2) SLMB and QI-1

To qualify for Prior Quarter Coverage of SLMB or QI-1, the person must:

- Be pregnant, in the postpartum period, or under age 19;
- Have received Medicare Part B in a Prior Quarter month; and
- Meet all eligibility requirements in the month in which Medicare Part B was received.

NOTE Prior quarter coverage for QI-1 cannot begin any earlier than January of the current calendar year.

1314 Hospital Presumptive Eligibility (HPE) Application Process

1314 Hospital Presumptive Eligibility (HPE) Application Process

Policy

This section describes application requirements that are specific to the **HPE** program.

General information about the application process can be found in [MA1301](#) and [MA1302](#).

1) HPE applications:

A HPE application is a shorter streamlined version of a full AHCCCS Medical Assistance application containing questions only about the following:

- Contact Information;
- Authorized Representative; (if applicable)
- Personal Information; (for all members of the household)
- Citizenship/Residency;
- Pregnancy Information;
- Foster Care Information;
- Employment Information;
- Other Income Information;
- Medicare Information;
- Parent or Caretaker Relative Information
- Application signature.

Unlike other programs, the customer does not need to provide proof of any these factors to qualify for HPE. However, the customer can only qualify for HPE once every 24 months;

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

NOTE HPE applications may ONLY be completed by hospital employees or vendors contracted with a hospital that have signed an agreement with AHCCCS to process HPE applications.

2) Who can be approved for HPE?

Only a person who is not currently receiving Medicaid, has not had HPE eligibility in the past 24 months, and qualifies for one of the following categories may be approved for HPE:

- Pregnant Woman (MA410)
- Child (MA406)
- Caretaker Relative (MA405)
- Adult (MA401)
- Young Adult Transitional Insurance (MA416)

3) What is the HPE Period?

The HPE period is a temporary approval period that begins on the date the HPE is approved and continues until the earlier of the following:

- The last day of the month after the month the HPE is approved, if a full Medicaid application is not submitted by this date.
- The date a decision is made on a full Medicaid application when the application is submitted by the last day of the HPE period.

HPE Period examples can be found at MAE1314.

In order for the customer to have eligibility continued beyond the HPE period the customer must complete and submit a full Medicaid application before the end of the HPE period and be found eligible for Medicaid.

4) Who decides HPE eligibility and notifies the customer?

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

Only qualified hospital staff from Subscriber Organizations determine HPE. This is done by using a shorter streamlined version of the full application in HEAplus and issuing a HPE decision notice.

AHCCCS and DES staff do not make decisions for the HPE program or send decision letters to customers.

A Renewal Processes

A Renewal Processes

Revised 05/15/2020

Policy

1) Renewal Processes — No Response Required

When renewing AHCCCS eligibility, information from the prior application and from the Federal and State electronic data sources are reviewed to see if there is enough information to determine that the customer still qualifies. When there is enough information available to determine that the customer still qualifies for AHCCCS Medical Assistance, even in another category, eligibility is renewed and a renewal approval letter is sent.

The letter shows the information that was used to renew eligibility, and tells the customer to check the information and report anything that has changed or is not correct. If the information used is current and accurate, the customer does not need to take any further action.

2) Renewal Processes — Response Required

In some cases, eligibility cannot be determined using available information, or the information indicates that the customer no longer qualifies. When this happens, the customer must provide information needed to complete the renewal process.

A renewal letter is sent to the customer. The letter contains the following:

- A pre-populated renewal form with the most current information available from the last application and any electronic data sources; and
- A Request for Information describing any proof needed.

The customer must take the following actions:

- Review the pre-populated renewal form;
- Identify any incorrect information on the form and enter the corrected information on the form;
- Provide proof for any information that was corrected;

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- Provide any proof listed in the Request for Information that was sent with the form; and
- Sign the form and submit the signed renewal form with any proof needed.

The customer has 30 days to complete the renewal and provide any information requested. The renewal may be completed by mail, by fax, by phone, or in person. Except for ALTCS customers, renewals can also be completed online in the Health-E-Arizona Plus system.

When completing the renewal by phone, the customer may need to provide any proof requested separately, but provide a voice signature during the call. When there is no specific information requested, and the information listed on the prepopulated renewal form is correct, the customer may complete the renewal by confirming the information is accurate and providing a voice signature during the call.

Customers who do not provide the requested information by the due date will have their eligibility stopped.

When eligibility is stopped for failure to complete the renewal, the customer does not have to submit a new application when:

- The customer submits the completed renewal form before the date the MA eligibility ends, or
- The customer submits the completed renewal form within 90 days of the discontinuance date.

3) Customer Assistance

When needed, eligibility workers and other staff will help the customer with the renewal process. Customers may also have someone of their choice help them with the renewal process. This includes:

- Going with the customer to the local office;
- Helping the customer fill out the application; and
- Representing the customer.

4) Customer Cooperation

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

Customers and their representatives must cooperate in the renewal process. This includes:

- Providing information;
- Reporting changes; and
- Taking any action needed to qualify for the MA program.

5) Opportunity to Register to Vote

The National Voter Registration Act (NVRA) of 1993 and Arizona Revised Statutes (ARS) require that public assistance offices provide applicants and customers with an opportunity to register to vote at the time of renewal. To meet this requirement, Voter Registration forms are sent to customers with renewal letters.

1403 Persons Losing SSI Cash Eligibility

1403 Persons Losing SSI Cash Eligibility

Revised 12/31/2019

Policy

A customer who receives SSI Cash in Arizona is also eligible for AHCCCS Medical Assistance (MA). If the customer loses SSI Cash, the customer loses automatic eligibility for MA, but may be eligible for another MA program. A two month period is allowed to determine ongoing eligibility. The renewal must be completed or eligibility stopped before the end of the two month period.

Before stopping the customer's MA, a renewal is completed to see if the customer meets the eligibility requirements for any other MA program. The renewal is first done automatically as described in [MA1401.A.1](#).

NOTE ALTCS eligibility does not stop due to the customer losing SSI Cash. When SSI Cash stops, the customer is no longer categorically eligible for ALTCS, and eligibility must be reviewed to see if the customer still qualifies.

If more information is needed to determine eligibility, the customer is sent a Request for Information letter. Eligibility is stopped if the information is not received by the due date. If the information is returned and the customer is not eligible for another program, his or her MA is stopped, and a discontinuation letter is sent.

C ALTCS Customer Refusing Services

C ALTCS Customer Refusing Services

Revised 05/30/2018

Policy

A customer who refuses home and community based services (HCBS) may be eligible for ALTCS acute care when the customer's income is less than or equal to 100% of the Federal Benefit Rate (FBR). This change to acute care only does not require a 10-calendar day advance notice because long term care services may be reinstated at the customer's request.

When a customer's income exceeds 100% of the FBR, the customer is ineligible for both long term care and acute care services. The change requires a 10-calendar day advance notice to discontinue eligibility because income exceeds the limit.

All program contractors must identify ALTCS customers who refuse services because customers who are living in the community must be receiving or intend to receive HCBS services. The program contractor must notify the ALTCS office that the customer has refused HCBS services.

Definitions

Term	Definition
Refusing Services	Customers enrolled with an ALTCS program contractor, but are refusing HCBS services; sometimes referred to as ALTCS non-users. Refusing HCBS services includes refusing to move from a non-contracted HCBS facility to a contracted facility.

Proof

D Cancer Treatment Ends

D Cancer Treatment Ends

Revised 06/01/2021

Policy

When a Breast and Cervical Cancer Treatment Program (BCCTP) customer's treatment end date is reported, the BCCTP eligibility end date is determined using the following table:

When the treatment was for...	Then BCCTP eligibility ends...
A pre-cancerous cervical lesion	4 months after the cancer treatment ends.
Cervical cancer	12 months after the cancer treatment ends.
Breast cancer	12 months after the last provider visit for a treatment other than hormonal therapy; or at the end of hormonal therapy for breast cancer, whichever is later. Because hormonal therapy is usually prescribed for up to 5 years, there is no extended BCCTP eligibility following hormonal therapy.
Metastasized cancer	As determined on a case-by-case basis by the AHCCCS Chief Medical Officer.

When a woman is no longer eligible for BCCTP, her eligibility is reviewed to see if she qualifies for any other AHCCCS Medical Assistance (MA) program.

Definitions

Term	Definition
Treatment End Date	<ul style="list-style-type: none">• Date of the last provider visit for a specific therapy for cervical cancer or a pre-cancerous cervical lesion; or• Date of the last provider visit for a specific therapy for breast cancer or the end of hormonal therapy, whichever is later.

Proof

Programs Affected

This policy applies to the Breast and Cervical Cancer Treatment Program (BCCTP).

Timeframes

AHCCCS uses the treatment end date to determine when BCCTP eligibility ends. Action must be taken early enough to allow time to:

- Determine eligibility for other MA programs, and
- When not eligible for any other MA programs, send a letter in advance telling the customer her eligibility is ending. See [MA1501C](#) for requirements.

E Citizen or NonCitizen Status Change

Revised 05/30/2018

Policy

A change in U.S. citizen or noncitizen status may occur when:

- A customer becomes a U.S. citizen through the naturalization process;

F CSMIA Amount Made Available to the Community Spouse

Revised 05/30/2018

Policy

The Community Spouse Monthly Income Allowance (CSMIA) is only allowed as a Share of Cost (SOC) deduction for the customer when it is available to the community spouse.

When the full CSMIA is not made available to the community spouse, the CSMIA amount must be adjusted and the customer's SOC recalculated.

When the community spouse also receives AHCCCS Medical Assistance (MA), the amount of the CSMIA made available may affect the amount of his or her counted income depending on the MA program. See [MA1502O](#), for more information about income changes.

G Death

G Death

Revised 05/30/2018

Policy

1) Death of a Customer

When a customer dies his or her eligibility is stopped. When there are other people in the budget unit receiving AHCCCS Medical Assistance (MA), the eligibility of these customers must be reviewed as a change in household size ([1502N](#)).

An ALTCS customer may be entitled to a SOC adjustment for the month he or she died.

To determine if a SOC adjustment is needed, the prorated capitation rate is compared to the share of cost for the month.

2) Death of a Spouse

The death of a customer's spouse results in a change in the customer's marital status and may affect the customer's:

- Income eligibility;
- ALTCS SOC; or
- ALTCS resource eligibility.

When the customer is eligible for ALTCS, use of community spouse policy stops the month after the month the customer's spouse died.

The customer's counted income may be less when the deceased spouse was part of the customer's budget group and had income. However, the customer may be entitled to more income or resources as a result of the spouse's death as described below:

- The customer may be entitled to increased Social Security (SSA) benefits, all or a portion of the spouse's pension, or Veteran's Administration (VA) benefits.

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- The customer may be the designated beneficiary of life insurance or investments owed by the spouse or entitled to assets under the terms of the spouse's will.

3) Death of a Parent or Other Household Member

The death of a parent or other household member may affect the customer's:

- Income eligibility;
- ALTCS SOC; or
- Resource eligibility (for ALTCS).

The customer's counted income may be less when the deceased person was part of the customer's budget group and had income. However, the customer's income could increase due to qualifying for a survivor's benefit, or inheriting income or resources as a result of the death.

The following forms of verification are accepted as proof of date of death:

- Death records from Vital Records including:
 - o Electronic reporting from the agency; or
 - o An official death certificate.

NOTE When records are available from Vital Records they are used over all other forms of proof. Any discrepancy identified must be reported to Vital Records by a family member. Only a family member can request a change to the death record.

I DDSA Redetermination of Disability or Blindness

I DDSA Redetermination of Disability or Blindness

Revised 05/30/2018

Policy

SSI-MAO and Freedom to Work (FTW) customers must provide updated information about their disabling conditions in certain circumstances.

The Disability Determination Service Administration (DDSA) usually determines a person to have a disability or blindness for a limited period of time. When this is the case, the person's disability or blindness must be reviewed and determined again at the end of the limited period.

The DDSA decision on the most recent Disability Determination and Transmittal (DE-120) lists the date when next determination is due. This date is also known as the medical diary end date.

Before the medical diary end date, DDSA redetermination forms are sent to SSI-MAO and FTW customers that are under age 65 and do not receive SSI-Cash or Social Security Disability payments. The customer must complete and return these forms to see if they still qualify for SSI-MAO or FTW.

NOTE AHCCCS does not send DDSA redetermination forms when the customer is receiving Social Security Disability or SSI-Cash payments because this is already done as part of the redetermination process for the payments.

See DDSA Redetermination of Disability or Blindness Referrals for instructions.

V Incarcerated

V Incarcerated

Revised 05/17/2019

Policy

In general, AHCCCS cannot pay for any services while a person is incarcerated. When a change is reported that a customer is incarcerated, eligibility may be stopped or suspended depending on where the person is an inmate.

AHCCCS has Intergovernmental Agreements (IGAs) with Apache, Cochise, Coconino, Maricopa, Mohave, Navajo, Pima, Pinal, Yavapai, and Yuma Counties to suspend enrollment. AHCCCS also has an IGA with ADC to suspend benefits of inmates with less than 12 months left in their sentences. When the customer has longer than 12 months left to serve, benefits are stopped.

AA SSI Cash Eligibility Begins or Ends

AA SSI Cash Eligibility Ends

Revised 12/31/2019

Policy

The Social Security Administration determines eligibility for Supplemental Security Income (SSI) Cash. Customers who are approved for SSI-Cash are automatically eligible for AHCCCS Medical Assistance (MA) and do not have to apply for it separately.

Except for customer's receiving ALTCS, the customer's eligibility for other MA programs is ended once they start receiving SSI-Cash because they get MA automatically.

When a customer loses SSI-Cash eligibility, the customer must be evaluated for eligibility in another MA program (see [MA1403](#)).

The following table describes how the loss of SSI Cash affects eligibility:

NOTE Both Title XIX and HIPAA may apply to a situation. When this happens, the stricter of the two is applied.

The following information is considered confidential:

- Social and economic circumstances;
- Agency evaluations of personal information;
- Protected health information (PHI), including diagnosis and history of disease or disability and Pre-Admission Screening (PAS);

- Information related to alcohol or drug abuse, communicable disease, Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS), mental health, developmental disability, or genetic testing; and

Confidential information may be released only as allowed by federal and state law. See [MA1602C](#) for detailed policy.

Non-confidential information does not need to be safeguarded. When information cannot be used to identify a specific person, it is not confidential.

C Release of Confidential Information

C Release of Confidential Information

Revised 11/06/2020

Policy

The policy in this section focuses on the release of confidential information and covers three main areas:

- Releasing confidential information for official purposes;
- Authorization to release confidential information; and
- Additional protections for certain medical information.

1) Releasing confidential information for official purposes

Certain medical records have specific protection under Federal or State law and may only be released under specific conditions as described in section 3. Other confidential information may be released to any of the following without specific written authorization, but only when the information will be used for official purposes:

- Other areas of the AHCCCS Administration;
- Arizona Department of Economic Security (DES);
- Arizona Department of Health Services (DHS);
- The State of Arizona Attorney General's Office;

- The customer, when a competent adult or emancipated minor;
- The customer’s legal guardian; and
- The custodial parent or legal guardian of a minor customer.

Unless the release of information is for official purposes, all others require written authorization to receive information from the customer’s case. When written authorization is needed, one of the people listed above may authorize AHCCCS to release information. The written authorization must be signed, separate from any other document and must specify all of the following:

- The information that AHCCCS is authorized to release from the case file;
- To whom the release can be made; and
- The period of time the authorization is valid. If no time is stated, the authorization is valid for one year from the date it is signed.

The following guidelines are used to determine who needs written authorization for each type of information:

Information Type	No written authorization needed for...	Written authorization needed for...
Non-Medical Records	<ul style="list-style-type: none"> • An adult customer, when competent • An emancipated minor child, when competent • The customer’s legal guardian • The custodial parent of a minor child customer • The customer’s authorized 	<ul style="list-style-type: none"> • A minor child (from a custodial parent or guardian) • The customer’s spouse • The non-custodial parent of a minor child customer • A step-parent • A customer that has been determined incompetent

An AHCCCS employee must be present any time a case file is viewed by an authorized person, to answer any questions and ensure that the case file is not altered.

3) Additional protections for certain medical information

Certain types of medical information may only be released under specific circumstances, as follows:

For each topic in this chapter, you will find:

- The policy for each requirement;

- Agency responsibilities, if applicable;
- Customer rights or responsibilities, if applicable;
- The timeframes, if applicable; and

1701 Eligibility Appeals

1701 Eligibility Appeals

Revised 07/10/2020

Policy

A customer has the right to ask for an appeal when an adverse action is taken on the customer's Medical Assistance (MA) application or benefits. This request must be made within 35 calendar days of the date the letter is sent (see [MA1702](#)). The customer may also ask for an appeal when a decision is not made about the customer's MA application within the required timeframe (see [MA1301B – Timeframes](#)).

A customer has the right to ask for an expedited appeal. A request for an expedited appeal will be approved only when the request is supported by a statement from a medical provider who is recommending a procedure or treatment for the individual. The medical provider statement must say that:

The customer has a procedure or treatment scheduled, or the individual is unable to schedule a procedure or treatment due to the lack of coverage;

The customer does not currently have health insurance that will cover most of the cost of a treatment; and

The customer's life, physical or mental health, or ability to reach, keep, or regain full functionality will be put at serious risk if the customer has to delay a procedure or treatment for 90 days or less from the date of the appeal request.

Expedited appeals must be resolved as soon as possible and no later than seven working days after receipt.

Exceptions:

Customers are not entitled to an appeal when the adverse action is due to a change in Federal or State law. Actions that do not affect the customer's services, benefits or costs are not entitled to an appeal. The customer may file a grievance for such actions (see [MA1710](#)).

There are two state agencies in Arizona that determine eligibility for AHCCCS MA programs: AHCCCS and the Department of Economic Security (DES). Generally the agency that makes the eligibility decision processes any appeal request on that decision. However, both agencies work together to coordinate the appeal process when a person asks for an appeal and decisions were made by both

1708 Appeal or Petition for Rehearing of Hearing Decision

Policy

If the agency or the customer disagrees with the fair hearing decision, they can appeal the decision. The process varies depending on the agency:

1) Appeals of an AHCCCS Hearing Decision

When the customer or the agency Fair Hearing Coordinator disagrees with the Director's Decision, he or she may ask for a rehearing from the AHCCCS Director. The customer also has the option to appeal the decision with the Superior Court.

NOTE The customer may petition for a rehearing before filing an appeal with the Superior Court, but does not have to do so.

A rehearing or review may be requested for any of the following reasons:

- An irregularity in the hearing or appeal proceedings and the party was deprived of a fair hearing;
- Misconduct on the part of an involved party, the eligibility office or the agency;
- Newly discovered material evidence that could not have been discovered and produced at the hearing;
- The decision was prejudiced;
- The decision was not justified by the evidence or is contrary to the law; or
- One of the parties had good cause for not appearing at the hearing.

The rehearing process involves a review of the hearing file and other written documents submitted by the customer or the agency. Either party may object to the petition, and on rare occasions, more testimony may be requested. After reviewing the information, the Director issues a Final Decision.

2) Appeals of a DES Hearing Decision

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

When the customer disagrees with the fair hearing decision, he or she may ask for a review of the decision from the Office of Appeals (OOA) Appeals Board.

The Appeals Board conducts the review and notifies the customer and the FAA Policy Support Team (PST) of the review results.

If the OOA Appeals Board decision is unfavorable to the appellant, he or she may submit a request for review to the Appeals Board again.

If the Family Assistance Administration (FAA) disagrees with the OOA Appeals Board decision, FAA must submit a request to the Attorney General's Office. When the Attorney General's Office is in agreement with FAA, the Attorney General's Office submits the request for review to the OOA Appeals Board.

Chapter 1800 Fraud and Abuse

1800 Introduction

This chapter contains information about handling complaints of fraud and abuse, as well as steps to take when fraud or abuse is suspected.

For each section in this chapter, you will find:

- The policy for handling complaints of potential fraud and abuse;
- Any definitions needed to explain the policy; and
- A list of the federal and state laws that apply to the policy by program.

1801 Fraud and Abuse

1801 Fraud and Abuse

Revised 12/07/2018

Policy

The AHCCCS Administration is responsible for ensuring that program resources are not misused or wasted, and that customers receive appropriate care and services. This responsibility is carried out in several ways.

- Educating the customer or representative of his or her responsibility to report changes and the penalties for perjury and fraud;
- Resolving inconsistent or questionable information received during the eligibility process;
- Identifying, investigating and resolving fraud and abuse cases; and
- Referring concerns to the appropriate area or agency when there is suspected abuse of a customer; and

1) Customer Education

Customers and representatives must be given information about their responsibility to report changes that could affect eligibility, premiums or Share of Cost and the penalties for fraud and perjury. This information is provided on application forms and eligibility letters, and is also explained during eligibility interviews.

For detailed information about reporting changes see Chapter [1500](#).

The penalties for fraud and perjury may include civil penalties, repayment of benefits received, and criminal prosecution.

2) Resolving Inconsistencies

To prevent fraud and abuse, eligibility workers are responsible for resolving inconsistencies when questionable information is received during the eligibility

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT

determination process. Information provided by the customer or representative may be questionable when it is inconsistent with:

- Other statements made during the current application;
- Information previously listed on another application; or
- Information received from other sources.

The customer's individual circumstances are considered in determining if information is questionable.

More information or proof may be needed from the customer to resolve the inconsistency. When the customer does not provide the information or proof needed eligibility may be denied or stopped.

3) Identifying and Addressing Potential Fraud

Indications of possible fraud include, but are not limited to, the following:

- Altered documents;
- Contradictory statements made by the same individual;
- Conflicting statements about the same issue made by different people;
- Information about the customer's actual income or resources is not provided or is misrepresented;
- Statements do not agree with information from other proof, documents or applications; and
- Complaints of fraud or abuse received from a third party.

Cases with potential fraud indicators are referred to the AHCCCS or DES Office of Inspector General (OIG) for investigation.

Upon receiving a report of potential fraud the AHCCCS or DES OIG staff review evidence received with the report, conduct an investigation, and determine whether the evidence indicates fraud.

When evidence of fraud is found, OIG pursue repayment for the benefits received due to the fraud, or may refer the case the Attorney General for prosecution.

4) Abuse of a Customer

When there is suspected abuse, neglect or quality of care issues, eligibility staff may need to refer the issue to AHCCCS Division of Health Care Management (DHCM), Adult Protective Services (APS) or the Department of Child Safety (DCS) for follow-up.

A referral to one of these areas may be needed when any of the following are suspected:

- A problem with the quality of care being provided to the customer;
- The customer is being abused, neglected or exploited;
- Provider fraud;
- The customer has unmet healthcare needs;
- A customer living in an unlicensed or uncertified room and board home is receiving direct, personal care services on other than a temporary basis pending ALTCS approval;
- There appears to be a problem with the ALTCS case manager regarding the customer.

Chapter 1900 Estate Recovery

1900 Introduction

Congress passed the Omnibus Budget Reconciliation Act of 1993 (OBRA '93) on August 10, 1993. It became effective as Federal law under 42 U.S.C. 1396(p) on October 1, 1993. The passage of this Federal law mandated the states to implement an Estate Recovery Program to recover the costs of certain benefit programs. Arizona implemented its Estate Recovery Program effective January 1, 1994. Under this program, AHCCCS is required to file a claim against an ALTCS customer's estate to recover its costs for providing Medicaid benefits. This chapter explains the Estate Recovery Program requirements.

For each section in this chapter, you will find:

- The policy for the requirement;
- Any definitions needed to explain the policy;
- What proof is needed; and
- A list of the federal and state laws that apply to the requirement by program.

A Estate Recovery Program Overview

A Estate Recovery Program Overview

Revised 04/30/2018

Policy

1) To Whom Does Estate Recovery Apply?

Estate recovery applies to any person who meets all of the following:

- Received ALTCS nursing home or HCBS benefits;
- Was 55 years or older when benefits were received;
- Received benefits on or after January 1, 1994, and
- Is deceased.

2) Payments for Which AHCCCS Seeks Recovery

The amount of the AHCCCS claim is the total of all ALTCS payments made by AHCCCS for a customer age 55 or older. Costs for ALTCS benefits provided before the customer turns 55 are not included. AHCCCS recovers for the following types of payments:

- Capitation payments.
- Medicare coinsurance and deductibles for services provided on or before December 31, 2009. No recovery is made for services provided on or after, January 1, 2010.
- Medicare Part A and Part B premiums paid for months on or before December 31, 2009. No recovery is made for premiums paid for January 2010 or later.
- Reinsurance.
- Fee-for-Service Payments.

3) Assets Subject to Estate Recovery

The AHCCCS estate claim is filed at the time of the customer's death against all property subject to either Small Estate Affidavit or probate. A home that was solely owned by an ALTCS customer, owned jointly without right of survivorship, or owned jointly with right of survivorship (and the joint owner is deceased) is subject to an AHCCCS claim.

4) Long Term Care Partnership Program Claim Exclusion

If a person has a qualifying long-term care partnership insurance policy and was given a resource exclusion (see MA703F), the AHCCCS estate claim is reduced by the amount of resources deducted as a result of the qualified long term care partnership policy.

5) The AHCCCS Recovery Agent

Health Management Systems, (HMS) is a private firm that handles recoveries on behalf of the AHCCCS, including:

- Claims against a customer's estate;
- TEFRA liens; and
- Estate Recovery from Special Treatment Trusts (MA803)

B Estate Recovery Process

B Estate Recovery Process

Revised 04/30/2018

Policy

There are three main pieces to the Estate Recovery process:

- Informing Customers About Estate Recovery
- Estate Recovery Claims Process
- Notice to Creditor Letters

1) Informing Customers about Estate Recovery

All customers and representatives are given information about the estate recovery program during the initial application interview.

The Estate Recovery Program Brochure (DE-810) is given to all ALTCS customers following the initial application screening process. This brochure explains how the AHCCCS Estate Recovery Program works.

The customer acknowledges the receipt of the Estate Recovery Program brochure and receiving information on the estate recovery program by signing the application.

2) Estate Recovery Claims Process

When notice is received that a customer who is subject to estate recovery has died, HMS proceeds with estate recovery actions as follows:

Step	Action
1	HMS files a "Demand for Notice" with the probate division of the Arizona Superior Court. The "Demand for Notice" requires

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

	that AHCCCS be notified of all legal activity concerning the estate.
2	<p>HMS sends the customer's representative the following documents:</p> <ul style="list-style-type: none">• A "Notice of Intent to File a Claim Against the Estate"• An "Estate Questionnaire"• A copy of the "Demand for Notice" <p>NOTE If the estate has already entered probate, HMS bypasses the Demand for Notice and Notice of Intent process. A claim is immediately placed against the estate.</p>
3	HMS reviews the information returned by the representative. If an exemption applies, HMS goes over this with the representative.
4	When the estate contains property that may be subject to a Small Estate Affidavit or probate, and no response is received to the Estate Questionnaire or the estate does not qualify for an exemption, HMS files a "Superior Court Claim Against the Estate".
5	HMS informs the representative in writing where to send payment, how to file a grievance or request a hearing and how to contact HMS.

3) Notice to Creditor Letters

When probate is filed in court, the executor of the will is legally required to notify creditors to submit claims against the estate by a specific date. If AHCCCS is a creditor because it provided ALTCS benefits to the deceased customer, the executor is required

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

to send AHCCCS a letter advising the Agency to submit its claim. This letter is called a “notice to creditor” letter.

C Estate Claim Exemptions

C Estate Claim Exemptions

Revised 09/21/2018

Policy

Some property and resources in the customer's estate may be exempt from estate recovery. There are two groups of estate claim exemptions:

- Estate Claim Exemption for Resources of Native Americans and Alaska Natives
- Estate Claim Statutory Exemptions

1) Estate Claim Exemption for Resources of Native Americans and Alaska Natives

The following resources belonging to Native Americans (NA) and Alaska Natives (AN) are not subject to estate recovery:

- Tribal land and other resources currently held in trust and judgment funds from the Indian Claims Commission and the U.S. Claims Court;
- Property, including real property and improvements, located on or near a reservation or located within the most recent boundaries of a prior federal reservation as designated by the Bureau of Indian Affairs of the U.S. Department of the Interior;
- Rents, leases, royalties, or usage rights related to natural resources, including extraction of natural resources or harvesting of timber, other plants and plant products, animals, fish, and shellfish, resulting from the exercise of federally-protected rights.
- Ownership interests in, or usage rights to, items that have unique religious, spiritual, traditional, and/or cultural significance or rights that support subsistence or a traditional life style according to applicable Tribal law or custom.

2) Estate Claim Statutory Exemptions

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

In certain circumstances, an AHCCCS estate claim may be deferred. These situations are referred to as Estate Claim Statutory Exemptions. Exemptions may exist when the deceased ALTCS customer is survived by any of the following:

- A spouse;
- A child under age 21; or
- A child of any age who meets SSA or SSI disability criteria and is blind or disabled.

D Deferment and Reductions of Claims

D Deferment and Reductions of Claims

Revised 09/21/2018

Policy

There are certain situations when AHCCCS may defer estate recovery or reduce its claim and recover a lower amount. The estate recovery process also allows an opportunity for the estate's representative to file grievance and request for a hearing on estate recovery decisions.

These policies are covered in the following three sections:

- Undue Hardship Deferment
- Partial Recovery or Reduction
- Grievance Procedure

1) Undue Hardship Deferment

AHCCCS may defer its claim when an heir or devisee to the estate meets all of the AHCCCS' Undue Hardship described in the following table:

If	And	Then
The estate contains real property and the heir owns a business located on the property	<ul style="list-style-type: none">• The business has been in operation at the property for at least 12 months before the customer's death;• The business provides more than 50% of the heir's livelihood; and• Recovery would result in the heir's loss of	AHCCCS defers its recovery claim

The estate contains residential property and the heir currently lives in the residence	<ul style="list-style-type: none"> • The heir lived in the residence at the time of the ALTCS customer's death; • The property was the heir's primary residence for the 12 months immediately before the customer's death; and • The heir does not own another residence 	AHCCCS defers its recovery claim
The estate contains personal property only	<ul style="list-style-type: none"> • The heir's annual gross income, counting the members of the heir's immediate family as appropriate, is less than the Federal Poverty Level (FPL); and • The heir does not own a home, land, or other real property 	AHCCCS defers its recovery claim
The estate contains both real and personal property	<ul style="list-style-type: none"> • The heir qualifies for an undue hardship 	AHCCCS does not grant an undue hardship deferment, but adjusts its claim to the value of the personal property

2) Partial Recovery or Reduction

When there is no Estate Claim Exemption and undue hardship policy is not met, AHCCCS considers a partial recovery or a reduction of its claim against the estate claim.

When HMS notifies an estate of a claim, it also provides information indicating what factors are considered when deciding whether a partial recovery can be approved. These include:

- A financial or medical hardship;

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

- Whether the heir's household income is less than Federal Poverty Level (FPL);
- The value and type of resources held by the estate (real and personal);
- The amount of the claim;
- The claims of other creditor's and whether any property in the estate has been foreclosed on; and
- Any other factors that may relate to a fair determination.

When an heir wishes to apply for an Undue Hardship deferment of estate claim or reduction of an AHCCCS estate claim, the heir must submit a written statement and provide all supporting documents to HMS no later than 30 days from the date on the "Notification of the AHCCCS Claim Against the Estate." AHCCCS makes a decision within 60 days of receiving the completed application for a deferment or reduction.

3) Grievance Procedure

Information about how to file an estate recovery grievance and request a fair hearing is included in notices sent to the estate's personal representative. A grievance must be received by the Office of Administrative Legal Services (OALS) no later than 60 days from the date shown on the "Notification of the AHCCCS Claim Against the Estate" or the "Decision Notice Regarding the AHCCCS Estate Claim." Grievances must be submitted in writing to:

1902 TEFRA Liens

1902 TEFRA Liens

Revised 04/30/2018

Policy

AHCCCS may file a lien against the customer's real property, including the customer's home, after the customer becomes permanently institutionalized at a nursing home, mental health hospital, or other long term care medical facility.

The purpose of the lien is to recover the cost of benefits provided upon the customer's death or upon a sale or transfer of an interest in the property.

The policy in this section covers the following topics:

- Customers subject to a TEFRA Lien
- Exemptions to filing a TEFRA lien
- Notice and filing of a TEFRA lien
- Changes after a TEFRA Lien has been filed
- Sale or transfer of property that has a TEFRA lien
- Non-enforcement of TEFRA liens

1) Customers Subject to a TEFRA Lien

ALTCS customers who are permanently institutionalized will have a lien filed against their home or other real property unless an exemption exists.

NOTE If a customer is discharged from a facility and returns to his or her own home on a permanent basis, the lien will be removed.

**THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT
CURRENT POLICY.**

2) Exemptions to Filing a Lien

A lien will not be filed against the following real property belonging to members of federally recognized American Indian tribes:

- Tribal land and other resources currently held in trust and judgment funds from the Indian Claims Commission and the U.S. Claims Court;
- Property, including real property and improvements, located on or near a reservation or located within the most recent boundaries of a prior federal reservation as designated by the Bureau of Indian Affairs of the U.S. Department of the Interior;

A lien will not be filed if one of the following individuals is lawfully living in the customer's home:

- The customer's child who is blind or permanently and totally disabled; or
- The customer's sibling who has an equity interest in the home and who was living in the member's home for at least one year immediately before the date the customer was permanently institutionalized.

3) Notice and Filing of a TEFRA Lien

Following notification that a customer has lived in an institution for 90 days or more, Health Management Systems (HMS) sends a Notice of Intent to File a Lien and a Questionnaire to the customer or the customer's authorized representative.

If there is no response or HMS determines that the proper criteria have been met, HMS files a TEFRA Lien against the customer's home on behalf of AHCCCS.

Should a customer wish to contest the lien, he or she may file a request for a fair hearing within 30 days of receiving the Notice of Intent.

4) Changes after a TEFRA Lien has been Filed

No further action is taken by AHCCCS after the lien has been filed until either:

THIS DOCUMENT IS FOR ARCHIVE PURPOSES ONLY AND MAY NOT REFLECT CURRENT POLICY.

- The customer dies;
- The property ownership is sold or transferred; or
- The customer returns home and the lien is removed.

5) Sale or Transfer of Property that has a TEFRA Lien

When property with a TEFRA lien is sold, the customer must repay AHCCCS for payments made by AHCCCS on the customer's behalf. The repayment amount is equal to the amount that AHCCCS has paid. AHCCCS cannot collect more than the amount that it has paid at the time the property is sold.

6) Non-Enforcement of Liens

A lien will not be enforced against any real property when the customer is survived by his or her:

- Spouse,
