View the [Navigating This Manual](#) page for additional instructions and tips.

Quick Start

Example: To get to “Chapter 101 - What is AHCCCS Medical Assistance?” you would need to:

- Click on Policy
- Click on Chapter 100 - AHCCCS Medical Assistance

For more instructions on navigating this manual, click on the topic "[Navigating This Manual](#)" from the Table of Contents on the left.

Navigating this manual

The window of the Arizona's Medical Assistance Eligibility Policy Manual is divided into three panels: top panel, left panel and right panel.

The **top panel** of the manual contains the following icons:

The **left panel** of the manual contains the table of contents and the search button.

The **right panel** is the main display window for the Eligibility Policy Manual.

The screenshot displays the 'Medical Assistance Eligibility Policy Manual' website. The left sidebar contains a navigation menu with 'Home', 'Introduction', and 'Policy' sections. Under 'Policy', 'Chapter 100 AHCCCS Medical Assistance' is expanded, showing '100 Introduction' and '101 What is AHCCCS Medical Assistance?'. The main content area is titled '101 What is AHCCCS Medical Assistance?' and includes a breadcrumb trail: 'Home > Policy>Chapter 100 AHCCCS Medical Assistance>101 What is AHCCCS Medical Assistance?'. A callout box points to the breadcrumb trail with the text 'Home > Policy>Chapter 100 AHCCCS Medical Assistance>101 What is AHCCCS Medical Assistance?'. Another callout box points to the 'Policy' section in the sidebar with the text 'Expand/Collapse button to open and close Table of Contents'. A third callout box points to the 'Top Navigation Bar' at the top right with the text 'Top Navigation Bar'. A fourth callout box points to the 'Go to top of page button' at the bottom right with the text 'Go to top of page button'. The main content area also includes a 'Policy' section with a double arrow icon and a 'Revised 08/09/2022' date.

The expand and collapse button allows the user to hide, open, or resize the table of contents. This page also provides a secondary navigation at the top of the page.

At the bottom of the page there is a cursor arrow to navigate to the top of the page.

Table of Contents

The Table of Contents can be accessed by clicking the “Contents” button, if it’s not already displayed. It is organized into three levels. The first two levels are “books” and the third level contains “pages”. Books organize content by chapters (1st level) and subchapters/topics (2nd level), while pages contain the actual policy. Clicking on a book will load the pages related to that section of the chapter.

Search

The search option allows you to find all policy sections that contain a word or phrase. You can use the search button on the left of the screen of the search box. Type the word or phrase you are looking for in the Search field and click enter. (When you start typing a word or topic, a set of suggestions will start appearing and you may not have to enter the full search string).
